Dear Parents:

Manasquan High School is excited to announce the continuation of our Student Mobile Technology Initiative. This year, all students in the high school will be provided a Dell Venue Pro tablet device as part of our digital learning initiative aimed preparing students for college and careers in the 21st century. In this program, each student will be issued a device for the duration of the school year which they will be expected to bring to all classes but may also take home.

As with any other district-owned issued equipment issued to students, these devices should be handled with care regardless of where they are being used. With this in mind, the Board of Education has adopted a Technology Use Fee option for parents in which you may elect to pay a non-refundable \$50 annual use fee which will cover any first-time accidental damage to the device. The full terms of this option are explained in detail on the attached form.

Before being issued a device, each student and parent must sign the district's Student Mobile Technology Device & Use Fee Acceptance/Waiver Form, which is attached to this letter along with the District's Acceptable Use Policy.

Tablet distribution for students in grades 10, 11 and 12 will be on Tuesday, 8/30, Wednesday, 8/31, and Thursday 9/1 from 6-8 P.M.in the high school media center. Following this date, tablets will only be able to be issued once school begins the following week.

We hope you share our excitement for this opportunity for our students. For specific questions regarding the technology program, please contact technology@manasquanboe.org.

Sincerely,

Rick Coppola
Principal

Manasquan School District Student Mobile Technology Device & Use Fee Acceptance/Waiver Form

The Manasquan School District is excited to offer your child participating in our 1:1 Student Mobile Technology program for the 2016-2017 school year. This year, students in grades 6-12 will be issued a Windows tablet device for their use in school and at home. Please review the below provisions of this program as well as the attached applicable Board of Education Policies.

- When using the district-provided Mobile Technology Device, pupils must comply with the District’s Acceptable Use of Computer Network/Computers and Resources policy and regulation: Board of Education Policy/Regulation #2361 (attached).
- The district-provided Mobile Technology Device is, at all times, property of the District. The device and peripherals, loaned to a pupil, must be returned to the District in the condition they were initially provided to the pupil considering reasonable use and care by the pupil while they are a student in a District school. The District reserves the right to demand return of the device/peripherals at any time. Failure to return the device/peripherals may result in disciplinary action and/or criminal charges sought against the pupil and/or the person in possession of the device/peripherals.
- The parent or pupil shall be responsible to reimburse the District the cost repair or replacement of any technology device/peripherals that are lost, damaged beyond reasonable use or beyond their value, abandoned, missing, stolen, or cannot be returned to the District. (Also see Technology Use Fee Option below.) “Damaged” is defined as hardware or software breakage that hinders the operation of the device while being used within the parameters of the Acceptable Use policy.

Technology Use Fee Option

As with any district-owned property, the district-provided technology device should be handled with care regardless of where it is being used. In accordance with Manasquan Board of Education Policy #7523 (School District Provided Technology Devices to Pupils), the District is offering pupils/parents the option to pay a technology use fee to protect pupil/parent from bearing the full cost of repair of accidental damage of the device and/or its peripherals.

After initial damage, the parent/pupil may elect to pay an additional \$50 two additional times to cover a repair cost as long as it is received prior to the subsequent damage. The full cost of subsequent repairs for damage will be charged to the parent/pupil.
- All damage to a device/peripherals must be reported to the Assistant Principal’s Office immediately.
- Lost or stolen devices/peripherals are **not covered** by payment of the use fee. In these cases, pupils/parents are required to pay the full cost of the replacement of the device/peripherals.
- Damage caused intentionally or by inappropriate usage that violates the District’s Acceptable Use of Computer Network/Computers and Resources policy (#2361) or the School District Provided Technology Devices to Pupils policy (#7523) is NOT covered by payment of the use fee.
- Pupils/Parents choosing to waive fee payment shall incur the full cost of a repair/replacement of the device/peripherals.

2361 ACCEPTABLE USE OF COMPUTER NETWORK/COMPUTERS AND RESOURCES (M)

The Board of Education recognizes as new technologies shift the manner in which information is accessed, communicated, and transferred; these changes will alter the nature of teaching and learning. Access to technology will allow pupils to explore databases, libraries, Internet sites, and bulletin boards while exchanging information with individuals throughout the world. The Board supports access by pupils to these information sources but reserves the right to limit in-school use to materials appropriate for educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes technology allows pupils access to information sources that have not been pre-screened by educators using Board approved standards.
