TOPIC

Choose what you believe is one of the most important health care issues for teenagers today?

1. Identify the issue or problem.
2. What resources would you use to gather most current information which would help you work through the issue?
3. What preventative measures could be taken in order to avoid facing this issue?
4. What solutions or treatments are available?
5. How might your profession of your choice impact this issue?

*Final essays are due to UMDNJ-SHRP by **March 9, 2012**. At that time they will be evaluated by independent university faculty. Winners will be announced on or before April 5, 2012.*
