4. Mission Statement

Manasquan School District's mission is to empower students to reach their potential and become life-long learners. We strive to ensure that students play an active role in their education, are guided by rigorous academic standards aligned with the New Jersey Core Curriculum Content Standards, and function within the community that regards student, educators, and parents as full participants in the educational process. We dedicate ourselves to the realization of a supportive learning environment that nurtures growth, personal integrity and mutual respect.

5. Statement to the Public

Often times it may appear to members of our audience that the Board of Education takes action with very little comment and in many cases by unanimous vote. Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter with the Superintendent of Schools. If the Superintendent of Schools is satisfied that the matter is ready to be presented to the Board of Education, it is then referred to the appropriate Board committee. The members of the Board committee work with the administration and the Superintendent of Schools to assure that the members fully understand the matter. When the committee is satisfied with the matter, it is presented to the Board of Education for discussion before any final action is taken. Only then is it placed on the agenda for action at a public meeting. In rare instances, matters are presented to the Board of Education for discussion at the same meeting that final action may be taken.
