6. Statement to the Public

Statement to the Public

Often times it may appear to members of our audience that the Board of Education takes action with very little comment and in many cases by unanimous vote. Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter with the Superintendent of Schools. If the Superintendent of Schools is satisfied that the matter is ready to be presented to the Board of Education, it is then placed on the agenda at the next Combined Committee of the Whole and Regular Board meeting. The members of the Board work with the administration and the Superintendent of Schools to assure that they fully understand the matter. After discussion during the Committee of the Whole portion of the meeting, the matter is focused on during the Regular Public Board Meeting agenda and presented to the Board of Education for a vote.
