

## **Senior Final Exams**

In Full-Year courses, Grade 12 students that have a 90 or (A) cumulative average or better end of the fourth marking period of the course, may be exempt from final exams. The decision to exempt a student from a final exam will be determined by the teacher, **not the student**. Teachers will be instructed to mark "EX" from the grade drop down, in the final exam grading column. No further calculations are necessary from the teacher.
