GOALIE ART MABELLA demonstrates good form as he covers puck for stoppage of play in Manasquan's 3-1 loss to undefeated C.B.A. Manasquan is currently in 2nd place in the Sunday Division of the Monmouth-Ocean Hockey League.

ASBURY PARK PRESS SPONSORS JOURNALISM SEMINAR

"The purpose of the seminar is to explore the opportunities in the world of Journalism, to help build high school newspapers better, and to improve the art of communication," commented Ernest W. Lass, publisher at the Asbury Park Press. He was one of the many speakers at the Journalism Seminar at Monmouth College December 8.

The seminar, which has been held annually for the past nine years, is sponsored by Monmouth College and the Asbury Park Press. It was opened to 277 students and their advisors from 37 schools in New Jersey.

The day began with general announcements by Charles W. Ritscher, promotion manager of the Asbury Park Press and the welcome speech by Dr. Robert S. Rouse, vice president of Monmouth College.

The first guest speaker, Thomas Flynn, editor of the Courier-Post of Camden, spoke on Newspaper Journalism. "Newspaper reporters are the closest to news," commented Mr. Flynn on the jobs of reporters. "There is satisfaction in seeing your work published and read by others almost immediately after it is written."

Mr. Flynn advised those students who plan to take up a career in Journalism to take a liberal arts course in college

consisting of history, economics, creative writing, English, and some courses in Journalism itself. He also said that there is a great need for editorial cartoonists.

After a brief question period there was refreshments, and group sessions conducted by Asbury Park Press editors and executives followed. These workshops consisted of seven topics of Journalism. They are basic reporting, feature writing, newspaper advertising, photography, the role of editor, sports, and make-up and typography. Students and advisors attended one of these sessions for an hour to find out how to improve school newspapers in that particular area. Students exchanged ideas and discussed problems about their papers.

Next on the agenda was a film, "The New Freedom" and then a buffet luncheon. John P. Lewis Jr., News editor of the Press, gave an analysis of the high school newspapers after the lunch. He pointed out both good and bad parts of each newspaper and made comments on how to improve the mistakes.

Peter Arnett, reporter for the Associated Press, was the second guest speaker. He spoke on "Reporter Power" saying "Reporter power has never been so potent as now". Mr. Arnett commented on the news industry's gaining awareness of its responsi-

bilities. One reason being that more people today are turning to newspapers to be informed on what is going on in the world.

Mr. Arnett covered the Viet Nam war for the Associated Press beginning in 1962. Some stories that he covered were President Ngo Dinh Diem's downfall, the first landing of the Marines in 1965, and the first leaving of troops in 1970. He was awarded the Pulitzer Prize for international reporting in 1961 for his astounding work on the war.

The energy crisis is Mr. Arnett's present beat. His most recent assignments were Watergate and the Pentagon Papers.

He said the story is as important as Watergate, so the public will know if there actually is an energy crisis and why.

After Mr. Arnett's speech some time was spent for questions and the seminar ended with a tour of the campus.

Six students from the Journalism class of Manasquan High School attended the seminar.

Music Dept.

Presents Christmas Show

CHOIR TO PRESENT CONCERT

Dear Editor:

Students of Manasquan High, on behalf of the Manasquan High School Key Club, I would like to express my thanks to each of you for helping us to help the needy families during the Thanksgiving Holiday. This year we were able to provide about 10 food baskets, with turkey, can goods, milk and bread.

I hope we can continue our relationship during the future years. I am sure that every family that received a basket felt very happy for having a Happy Thanksgiving come to them.

Thanks again,
Daniel Brennan
Key Club Pres.

"A Christmas Party" was the theme for this year's Christmas presentation given by the Music Department.

The show opens with two small girls having a Christmas party; the presents they received came alive to sing and dance for the audience. Ballerina dolls, clowns, Raggedy Ann and Andy, Burt and Ernie (from Sesame Street) and Dutch dolls were given as presents. Rudolph, Frosty and Snoopy were special guests at the party. Songs included "Rudolph the Red Nosed Reindeer" and "Dear Santa".

The Christmas Show was presented Thursday, December 13, at Jimmy Byrne's for the Kiwanis.

"Music for Christmas" will be presented by the Manasquan Symphonic Choir and Varsity Singers on Wednesday December 19 at 8:15 P.M. in the High School Auditorium.

"Adoramus Te Christe," "Coventry Carol," "Snow, Snow, Snow," "Ding Dong Merrily on High," and "Rudolph the Red-nosed Reindeer," are a few of the selections that the Choir will be performing.

Tickets will be available through any Choir member \$1. adults, \$.75 for students.

FOCUS: LIVE AT THE RAINBOW

The Book Nook 

"Live at the Rainbow" was recorded May 5th at the Rainbow Theatre. This album came at the most opportune time with them having four albums, a top 40 single hit with "Hocus Pocus" and much T.V. exposure.

Beginning the set is "Answer? Question! Questions? Answers!" from their album "Moving Waves." Following this is "Focus III" and "Focus II" from their albums "Focus III" which is a double album, and "Moving Waves" respectfully.

Side two starts off with Thijs Van Leer's seven part musical masterpiece "Eruption" and then "Hocus Pocus." Their big hit rips right into the act with eight and a half minutes of jamming, both are from their album "Moving Waves."

"Sylvia" which comes from their double album "Focus III" follows "Hocus Pocus" and then the album ends up with a reprise of "Hocus Pocus." If you have Focus' two albums "Moving Waves" and "Focus III" you'll like them because you will hear the people and feel the way you would if you were at the concert.

Bob Dylan tickets are only available through mail at Madison Square Garden. Prices are \$8.50 and \$9.50 plus .50 for handling. Performing with Dylan will be "The Band." Dylan will have a new album available soon which will be material which was recorded but not released.

Tim Maclearie

MONEY WORLD NO. 5

"UNSANDWICHED" Coins

As I have mentioned in a previous column, most coins have small pieces of copper sandwiched between two pieces of silver.

If your quarter has a copper color on its side, pride yourself; your quarter is normal. But if your quarter does not have that piece of copper, you're even luckier. Your coin is not a normal coin, and is worth more than a plain 25¢ quarter and can often be

Another reason why you might not see the quarter is because it might be sandwiched too much and could not be seen with the naked eye. The copper in these coins can be measured at less than 1/1,000,000th of an inch.

The copper could be hidden inside the coin by overlapping sides. This can be detected with a very complex machine which would take three pages to explain the idea behind it. But if you can find a

The Exorcist

William Blatty's The Exorcist raised many eyebrow and noses, but people still read it despite their occasional outbursts of, "Oh gross"

The Exorcist tells the fictional story of a young actress, Chris, and her daughter Regan, who becomes possessed by a demon. Regan was a healthy, rather pretty child before possession.

Since possession, she had been repeatedly mouthing obscenities, changing her features, and talking of a playmate named Captain Howdy. Yet the doctors tell Chris, "your daughter is only going through a phrase."

Soon, however, it becomes obvious that Regan is possessed. She wets the bed, vomits and has obtained superhuman strength. She seems to have the talent of speaking in many foreign tongues and changes her speech patterns often.

Chris finally contacts a young priest, Father Damian who agrees to study the case and to perform the exorcism.

If your stomach isn't too weak and if you don't mind a bit of sacrilege, this book is for you. If you do read The Exorcist leave all the lights on and don't read it before you go to bed!

STUDENT OF THE MONTH

"It's nice to work with a group like the Senior class who are outstanding in sports, and academically," Glen Gray, October Student of the Month, said when he was asked about the Senior class as a whole.

Glen has been on the Track and Soccer teams his last three years at Squan, a Student Council representative, and a member of the Executive Student Council Committee. He has been President of the Junior class, and is currently President of the Senior class. He has participated in an assistant teacher and guidance counselor program, and is currently assisting as a Junior class advisor.

Palm Beach Junior College and the University of Miami are two of the colleges Glen has applied to. He would like to major in Political Science or Pre-Law.

As a Senior class advisor Glen says, "By getting a few students from each social group within the class and putting them on a committee, the officers and myself are able to pull the students together as a class for a common goal. I can honestly say that whenever I've asked the students to do something as a class, they have comethrough."

When asked what improvements he would like to see in Squan for the future, Glen stated, "The most important goal for the students of Manasquan today is to bring back the feeling of school enthusiasm or "spirit". If we could accomplish this, we could greatly improve the relationship between the teachers and the students, whether we do this through a variety show or a fund-raising activity. This will not only pull the teachers and students together, but better our relationship with the Board of Education."

Glen wishes to "Thank the Kiwanis club, the community of Manasquan, and most of all the Senior class for awarding me this honor of Student of the Month."

Donate Blood

John Banta, Tim McCorkle, Mike Thompson, Jeff Abrecht, and Jim Robinson donated blood on December 12, 1973 to the American Red Cross.

This will help alleviate the acute shortage of blood during the holiday season.

Dear Edna,

My locker is on the side of the school I'm hardly ever near. This means I end up carrying practically all my books around a all day. What can I do?

Signed-Tired

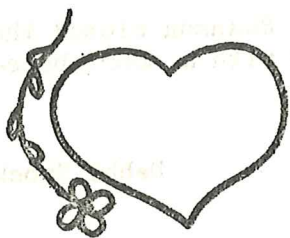

I suggest you trade lockers with someone. Perhaps your locker is located where someone else would like their locker to be. If all fails, why not talk to someone in the office.

Dear Edna,

My boyfriend is OK - except for one thing. He lies. I personally can't stand dishonesty, but I don't know if I should drop him...

Signed - Wondering

You say you can't stand dishonesty- that must mean you can't stand your boyfriend. Why stay with someone who does things you don't like? If he won't reform, try dropping him.

The "Hearts & Flowers" BOX is located in the library. It is located on the book check-out counter. (Not the side you see as you come in but the side that's above the readers guides.)

C.B.A. Passes By Manasquan 3 to 1

C.B.A. defeated Manasquan what turned out as the greatest game this season.

C.B.A. scored first on a keen shot from the point. C.B.A. got two more goals during the closing of the period.

In the second period Manasquan got off with a good start with center Pete Brew scoring in front of C.B.A. net. The rest of the game was a defensive

battle.

Playing a fantastic game for Manasquan was goalie Art Masella who made some great saves and also shut out C.B.A. star player Mike Burke for the first time in two years. Manasquan's next game is this Sunday night at 10:15 against Rumson.

By Matthew Guthorn

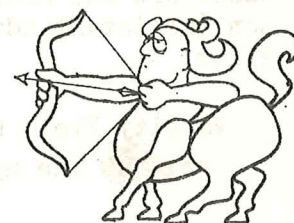

Sagittarius is the ninth sign of the zodiac, the archer. The ruling planet is Jupiter, which makes them determined, loyal, and strong, but on the other hand, clutzes and messes. Other ways to recognize an archer are; they love danger and risk, independent by nature, have a quick temper but never hold a grudge, extremely good health, gamblers, and when angered, women often curse, and men will use their fists.

But one of the strong traits in a Sagittarian is he always puts his foot in his mouth. Also, a Sagittarian has a very good memory for dates or details in books or movies, but when it comes to finding something, he is at a loss. The archer may lose his car keys and discover that he locked them inside the car.

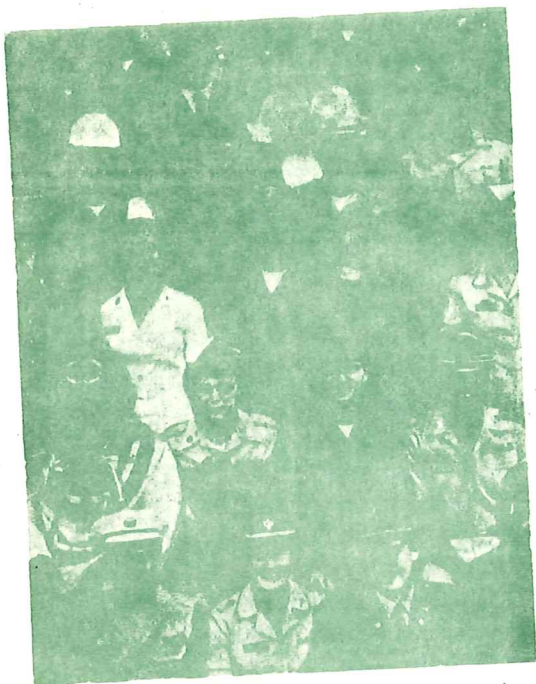

The Sagittarian's lucky color is purple, their jewel is turquoise, and their good day is usually Friday, while Monday is unlucky.

Famous Sagittarians are Beethoven, Andrew Carnegie, Winston Churchill, Sammy Davis Jr., Walt Disney, Frank Sinatra, Mark Twain, Pope John XXIII.

We've got over 300 good, steady jobs.

Jobs in construction, transportation, communications, computers, law enforcement.

Jobs for surveyors, teletype-writer operators, artillerymen, TV repairmen. Cooks, electricians, medical aides, meteorologists. Motor and missile maintenance men.

Jobs for young men. And young women.

Jobs in Europe, Panama, Alaska, Korea. And just about any place in the States.

We'll train you to do the jobs. Train you well, in good schools, under excellent instructors, with the best equipment obtainable.

And you get full pay while you train.

You also get unusually good fringe benefits, including a chance to continue your education. In many cases at our expense. In most cases with at least 75 percent of your tuition paid.

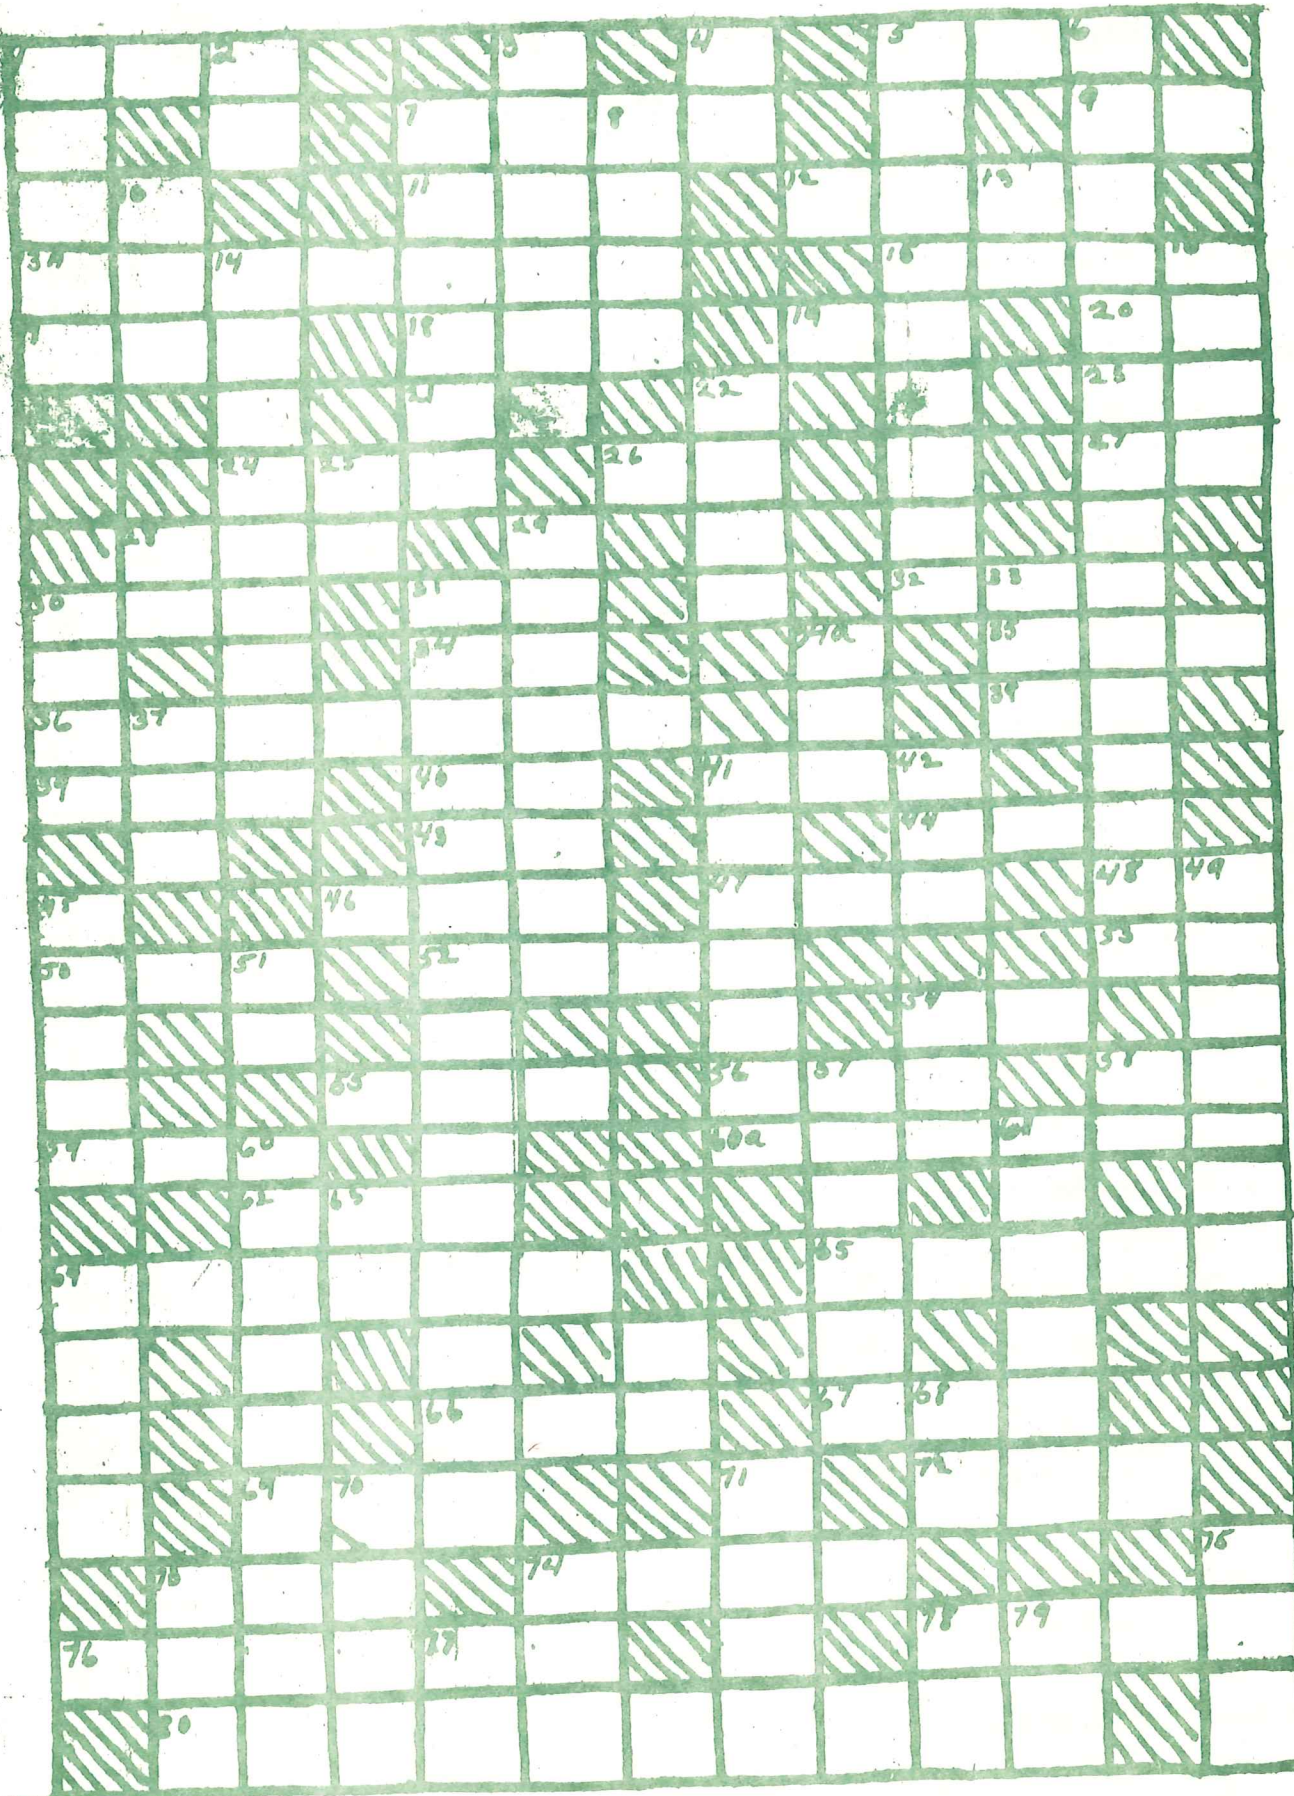

And if you qualify we'll give you your choice of training. We'll put it in writing, before you sign up. To get complete details call or see your local Army Representative.

**Today's Army
wants to join you.**

ARROWSHOOTER

WHY CAN'T WE HAVE A BETTER BUS DRIVER? ONE DAY THE BUS DIDN'T EVEN COME IN OUR TOWN. ANOTHER BUS DRIVER GOES OVER ALL BUMPS POSSIBLE.

(D.S.)

The day the bus didn't come to your town was because it broke down and they couldn't get another bus out in time. There isn't anything we can do about bumps.

IS THERE A GIRLS' COMPETITIVE TRACK TEAM? (M.B.)

There is no interschoolastic track team, meaning no competition with other schools. But there is intraschool competition, meaning just within the school.

WHY WERE THERE SO MANY DANCES BEFORE CHRISTMAS LAST YEAR AND NONE AFTER CHRISTMAS? ARE YOU GOING TO DO THIS AGAIN THIS YEAR? (J.H.)

The reason for having so many dances before and none after Christmas is because the interest decreases and nobody wants to sponsor the dances.

WHY CAN'T WE HAVE BETTER LOCKERS IN THE HALLS? A LOT OF LOCKS DON'T WORK OR THEY CAN BE VERY EASILY OPENED. (R.C.)

Anyone that has trouble with his locker can see Mr. Lees or Mr. Lockenmeyer and they can be fixed.

DOES M.H.S. HAVE AN ATHLETICS CLUB? (F.M.)

No, if there is to be one, students would have to find an advisor, and enough people would have to be interested.

WHEN DO THE TRYOUTS FOR MEN'S TENNIS TEAM TAKE PLACE? (K.M.)

Tryouts for spring sports will be held March 1. Girls' sports also at this time.

HOW DO THEY DETERMINE THE TIME YOU GET HEALTH AND PHYSICAL EDUCATION? (C.O.)

Health is for three weeks then Physical Education is for three weeks. It's the same throughout the school year.

By Sue Florio
and Nancy Dillon

WHAT IS THE EXACT NUMBER OF DAYS WE HAVE OF SCHOOL? (R.L.)

The exact number of school days is 183.

WHY IS IT WE NEVER SEE THE PRINCIPAL OR VICE-PRINCIPAL? (R.L.)

The principal and vice-principal are always around the building somewhere. You will have to look for them.

WILL THERE BE ANY MORE ACTIVITIES SUCH AS SELLING MAGAZINES FOR THE FRESHMEN TO DO? (N.W.)

No, this year there will be no activity of this sort.

WHY CAN'T STUDENTS CHEW GUM IN CLASS? (B.S.)

The reason for no gum chewing is that people stick the gum under desks and chairs instead of putting it in the garbage can.

Mr. Richard Johnson, driver education teacher, sits on Janet Schmoldt's lap as they scoot across the finish line in the Dolly Race at the annual G.A.A. Father-Daughter Night. (Photo by Sandy Cottrell)

CAGERS OPEN TONIGHT AGAINST MARLBORO

The varsity basketball season gets underway tonight with the Warrior "hoopsters" facing the Marlboro Mustangs. This will mark a whole new beginning for the team. Playing under the directions of Mr. Clement Bramley the team will play mostly a "run and shoot" type of game.

The team has a slight chance to capture the Class B crown but they must face very tough competition from Lakewood, Ocean, and Monmouth Regional.

LANG NAMED TO ALL-STATE GRID TEAM

Doug Land, a 6-0 205 pound senior was named to the 1973 ALL-STATE Football Team by the Newark Star Ledger. Doug was a two-way starter for Squan's varsity football team that went undefeated. He was a guard on the offensive unit and the middle guard on defense.

Joining Doug on the ALL-Group 3 Team is quarterback Jim Dickson. Dickson has never lost a varsity game in two years and is known throughout the area as a running quarterback. By having two athletes on an ALL-STATE squad is truly an honor not only for the athletes but also for the school.

There has been a rumor going around that Mr. Jack Hawkins, the varsity football coach, may have coached his last football team here at Squan. No one knows for sure yet whether or not this is true as nothing has been formally announced.

One thing that this reporter would like to make clear, Manasquan is very fortunate to have had a coach like Mr. Hawkins. There are not many coaches in the state of New Jersey that have the ability of Mr. Hawkins. He is the only man that I know that can take a team with only a few good individuals and turn them into champions. He is the type of person that can say only a few words to his team and instill in them the will to win.

GAA Hosts Disney Parade

"I thought the theme was a good idea and the evening was well planned and well executed," commented Mrs. Sharyn Robbins in reference to the Annual Father-Daughter Playnight held November 27.

"Disney Parade" was the theme hosted by the G.A.A. The parade saw such characters as Donald Duck, Mickey Mouse, Minnie Mouse, Pinocchio, Jiminy Cricket, Goofy, and Bashful. Each team led by a G.A.A. captain had six father-daughter couples. Each couple either individually or together performed the silly stunts in order to build up points for their team.

On your mark, get set, go. Peggy Sheehan, G.A.A. President and playnight coordinator, has officially started the contests and the first couple is off and running. There are a variety of games and stunts included: a skooter race, a lemon push (pushing a lemon the gym's length using a pencil), Chinese hopscotch (jumping over a line of newspapers backwards), a ballon burst (bursting a ballon by sitting it), and the cotton puff (each person runs the gym's length while continuously huffing and puffing to keep a piece of cotton in the air.)

Other games included are the jump rope run (skipping rope while running) a basketball toss, a tennis ball bounce, the bucket walk (which caused "a lot of aches and pains the next day," as commented by many. The shoe steal (the father had to take off his daughters' shoe, run to the opposite end of the gym then return to his daughter and put the shoe back on. She therefore continues the process.) This concluded the games for the evening.

Following the conclusion of the game, points were tallied and the winners were announced. Minnie Mouse "stole" first place, with Donald Duck in second and Mickey Mouse placing third.

"I really enjoyed myself. I'm only sorry more fathers didn't show up," said Mr. Richard Johnson.

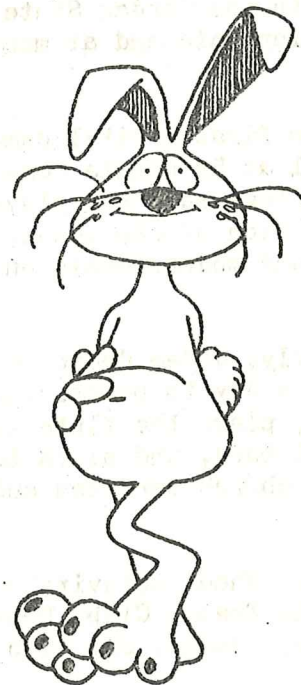

After the team stunts were concluded, the two losing teams apposing each other played a game of tug-of-war. Each team tried to coax the opposite team by pulling over the center line. Forming a big circle, Mrs. Moore, Mrs. Leaman, and Mrs. Robbins led the group in the traditional alley cat and the Greek Hora.

Refreshments were next on the agenda. Cookies, cakes, brownies, (backed by G.A.A. members) and cider was served.

"Again it was a very successful G.A.A. event and both the fathers and daughters had a good time." summarized Mrs. Leaman. Mrs. Robbins felt those responsible for everything deserve "a lot of credit." An estimated 200 persons attended. Mrs. Leaman, Mrs. Robbins, and Mrs. Moore chaperoned the event.

Special Note- "Thank You" to everyone: fathers, daughters, faculty, administration, G.A.A. members and chaperones for everything you contributed to make the annual playnight a big success.

Christmas Spirit?

Where's the Christmas spirit?

Love, peace, happiness, and soul,
everybody is growing old.

Where's the Christmas spirit?

No time for your brother,
to busy keepin' up with another.

Where's the Christmas spirit?

Cars and trucks moving fast,
getting on where cause we're out a gas.

Where's the Christmas spirit?

Nobody wants to lend a hand,
and yet they want a better land.

Where's the Christmas spirit?

Watergate in Capitol Hill,
employment at a near standstill.

Where's the Christmas spirit?

Junkies pushing dope on back,
police are tight, can't lay no slack.

Where's the Christmas spirit?

This old world's running out of time,
better pick up whatever's been left behind.
And find that Christmas spirit.

CHRISTMAS AROUND THE WORLD

Christmas comes to people all over the world, however each country has its individual way of celebrating it.

In Mexico and Central America, children do not hang the traditional stockings, but instead, make a pinata out of heavy, brightly-colored paper. The pinata is stuffed with toys and hung from the living room ceiling. On Christmas morning, the children are blindfolded and take turns at trying to break the pinata. When it finally bursts, they all scramble for the presents which fall out.

In the Netherlands, children fill wooden shoes with straw, in hopes that Santa Claus will fill them with candy and toys, while in Austria, all good children wait for the arrival of Saint Nicholas. If the children have been bad, an ugly dwarf named Krampus fills their stockings with switches and ashes.

Christmas trees in Austria are trimmed with fruits made of beeswax. Each wax fruit has a hollow center that holds a picture of the Christ child or an angel.

In Czechoslovakia, many families place a cherry branch in a glass of water at the beginning of Advent. If the branch has blossomed by Christmas day, the family will have good luck in the year to follow.

In other Slavic countries, children sleep on a bed of straw and hay at Christmas, so they may share in Christ's humble birth.

Sweden celebrates Christmas with a smorgasbord.

Families gather together for the dinner and then decorate their trees with real candles.
