

# DeSantis Receives Baush Lomb Award

Senior Barbara DeSantis is this year's winner of the Baush and Lomb Science Award which recognizes our senior student who has the most outstanding achievement record in the study of science.

An engraved medallion will be presented to Barbara at graduation. As a winner, she is eligible to compete for a four year Baush and Lomb Scholarship at the University of Rochester. Scholarship winners are selected on merit.

Barbara has not applied for the scholarship because it is based

Manasquan High  
Vol. 3 No. 8

Manasquan, N.J.  
January 12, 1973

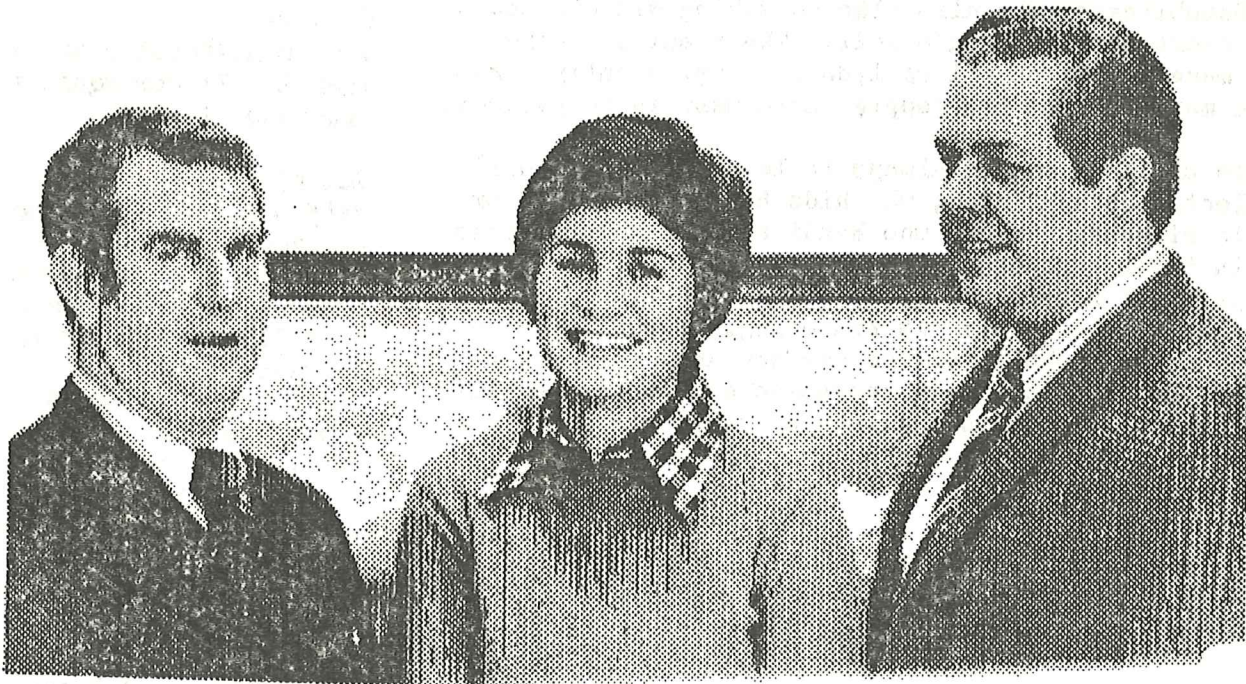

on need.

Next year Barbara hopes to attend one of the following universities: Princeton, Rutgers or Duke. "My first choice is Princeton but I'll probably be accepted at Rutgers," said Barbara. She will major in either genetics, bacteriology or archaeology depending on where

she is accepted.

Barbara has no set goals at the present time. "A lot can happen in four years," said the active senior who spends her spare time by sewing, reading, playing the clarinet in the band and twirling.

Honorable mention went to Todd Burke and Tom Pearce.

Principal Harry Morris and Mr. Charles Hayne congratulate senior Barbara DeSantis upon receiving the Baush and Lomb Award.

# Keyettes Serve Others

"We feel that our basic purpose is simply to bring a small ray of happiness to those who are less fortunate than ourselves," stated Billie Freeman. As President of the Keyette Club, she has actively participated in the organization for the past two years.

Started in 1970, the function of the club is to help those who cannot help themselves in places such as orphanages and rest homes.

Various projects recently undertaken were the sale of soap, which is made by the blind to keep them employed, and the visiting of the Geraldine Thompson, Mediscenter, and the Sunnyside rest homes, where the members entertained the residents with a Christmas program which included songs, skits, and refreshments.

The Keyette Club has a present enrollment of 28 members. When asked if there is a sufficient member support, Billie said, "We have a large group of girls, yet only about half of them assert as much enthusiasm as is necessary to do a good job. Those who do actively participate, however, do a fantastic job."

This is Billie's second year as President of the Keyettes. The next election will be held sometime in the spring. Other officers include: Paula Sliney, Vice-President; Kathy Reddington, Secretary; and Debbie Bartels, Treasurer.

The club is self-sufficient, being sponsored by neither a national or international group, as is the Key Club. "We fund our own enterprises completely by the money we make selling soap for the blind. The money is put into our treasury to be used expressly for our various activities," said Billie. Soap costs \$2.00 per box, with \$1.20 going to the blind and \$.80 going to the Keyettes.

Last year, the Keyettes and the Key Club jointly sponsored a baseball marathon which raised money for the cancer foundation. Although not many participated and weather was unfavorable, "those who did participate really had an enjoyable time," stated Billie. The two groups also sponsored a faculty picnic at the Shark River County Park.

In January, a trip to New York to see a play and have dinner is planned. In March, the girls will entertain patients at McGuire Air Force Base Hospital at Wrightstown, N.J.

More fund-raising activities, including a Sadie Hawkins picnic in the spring, will take place at the end of the year.

Billie had high praise for the club's advisor, Mrs. Lynn Sieka. "Mrs. Sieka is an exceptional woman. She is always willing to help and offer her services in any way to make the club a meaningful experience for all involved. She is truly a great advisor!"

As for the future of the club, Billie foresees a wider range of activities and hopes for more enthusiasm and a greater interest in the Keyettes.

Dale Schnibbe

# The Vagabonds

One bright and sunny day, three wandering vagabonds met by a stream. Each had all of his worldly possessions wrapped in cloth which was tied to the end of a stick. They all sat down to cool their feet in the stream, for they had been walking for endless time.

"I have seen the most wonderful places on earth," said the first.

"I have been to cities with streets of gold", said the second.

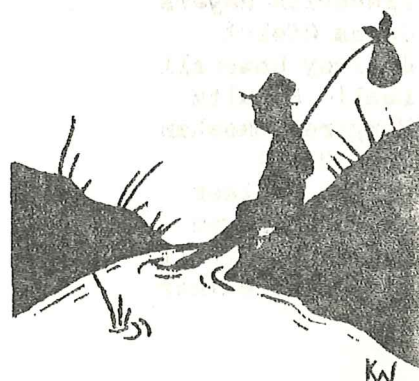

"I have seen only poverty and sorrow", said the third.

"I have learned the knowledge of wisemen and kings", said the first.

"If wisdom were gold I should get a treasure", said the second.

"I have gained no wisdom to speak of", said the third. But he was not heard, for the other two were busy arguing as to who was the wisest. The third hobo grew tired of this and after putting his beatup shoes on, he put his stick on his shoulder and walked off with the sun.

Theodore Raffetto  
June Roberts  
Patricia Roster  
Dale Schnibbe  
Valerie Summer  
Laura Turner

The following students became members of the Kiwanis Honor Society:

## Sophomores:

Susan Curley  
Sylvia Ferrell  
Nancy Murphy

## Juniors:

Mark Lord  
Beth McClennen  
James Ofeldt  
Jeffrey Ramsdell  
James Robinson  
Margaret Sheehan  
John Sisti

## Seniors:

Cathy Lord  
Colleen McBride

Membership is determined by the student makes the honor rolls. Two points are awarded for first honor roll and one for the second. When a student receives the requisite number of points, he becomes a member. Those elected in their sophomore year made the high honor roll every marking period in their freshman year.

## REACH OUT

Stick your head out your window, take a look around.  
Look at the bird that's lying dead on the ground.

Open up your door. Do you see enough or do you want to see more.

See the sky above your head, don't you feel sick and dead.

This is what you did for me, and for my "once-blue" sea.

Reach Out People! To your brother say the word!  
Reach Out People! Tell him what you've heard!  
Reach Out People! Save our land!  
Reach out people! Take a Stand!

In your mind you know, what you see, is something that we've done, yes, you and me!

Reach Out People! to your brother say the word!  
Reach Out People! Tell him what you've heard!  
Reach Out People! Save our land!  
Reach out People! Take a stand!

## Guidance News

The Manasquan High School guidance counselors administered achievement tests to all incoming freshmen January 4, 5, 8, 9, 11 and 12. They will also be giving them on January 15, 16, 18, 19, 20 and 21.

Brielle, Sea Girt, Manasquan, Spring Lake, Spring Lake Heights, Belmar, St. Catherine's and St. Denis were the elementary schools that were visited by the counselors.

The results of these tests are discussed with the student and his parents during a personal scheduling interview in the spring.

## SENIORS:

All seniors should get busy and apply to schools for further education NOW to avoid the deadline conflicts. For more information, see your friendly guidance counselors.

## WANTED

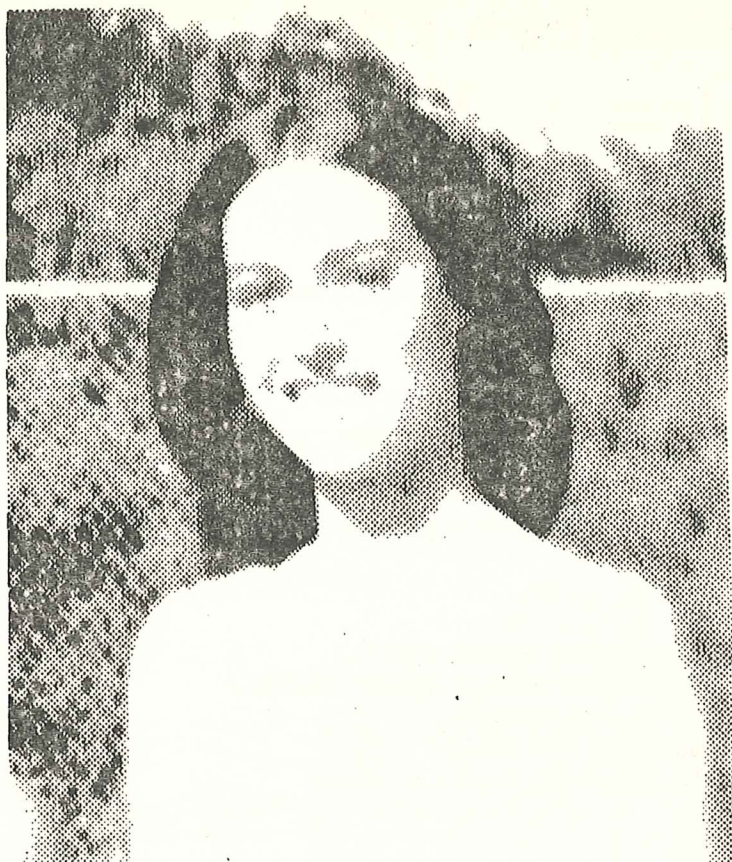

Art work from MHS art students for Mrs. Lang's office. Do you have any pictures would like to donate?

Patti Vertucci

"Concerning faculty activities and academics, Manasquan has been excellent; however the students' attitudes towards learning have degraded the quality of our educations" remarked June Roberts when asked her opinion of this school where she has been elected student of the month. She says she was "really pleased" about the honor.

June, in her spare time, enjoys sewing, skiing and tennis and participates in twirling, Spanish Club, varsity tennis, National Honor Society, and Student Council. June hopes to pursue a career in law after college.

June Roberts

## Students of the Month

Theodore Raffeto

"I feel Manasquan has helped me tremendously academically and athleticly but I'm dissatisfied with the overcrowded conditions," remarked Ted Raffeto on his opinion of this school on his election as Student of the month. He says he was "Honored, surprised and Happy" about it.

Ted, in his spare time enjoys Fishing, swimming and generally staying in shape. Reading sports and Mathematics are some of his other interests.. He participates in Football, Wrestling, Baseball, Key Club and the National Honor Society.

Ted hopes to attend West Point and is interested in going into some phase of law.

# Club May Be Checkmated

It is believed that Chess was played in India as early as 500 AD. Chess comes from the word "shah" in Persian meaning king.

The first International Tournament took place in London in 1851. The title "World Championship" was not used until 1866.

"The basic ideas of chess are easily learned, but the strategy of the game is deeply involved", stated Mr. Robert Holly, advisor of the school Chess club.

The game is played by two persons, each having 16 pieces. The pieces include eight pawns, two rooks, two knights, two bishops, one king, and one queen.

The pawns are allowed to move forward one space at a time. While capturing an opponent's piece, they are permitted to move diagonally to the left or right, depending on where the piece to be captured is located.

Rooks can move for any distance in a straight line forward, backward, or sideways.

The knights move in an L shape, to the left, right, forward or backward.

The bishops can move any distance, diagonally forward or diagonally backward.

The king is allowed only one space at a time in any direction. He has a privilege which no other piece has, that is castling.

The rook takes part in this move, it can only be made

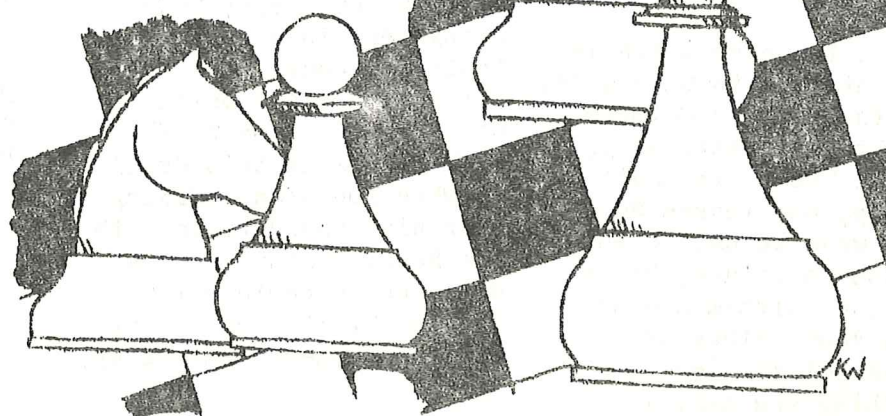

if the spaces between the rook and king are clear. Castling is completed by moving either rook to the position of the king, and the king to the position of the rook. Castling is allowed only once during the game, and cannot be done if the king is in check.

The queen is the most powerful piece on the board. She can move for any distance, in any direction as long as the path is clear.

The aim of chess is to force surrender on the opponent's king. When a piece attacks the king, he is said to be in "check". If the king can not be defended, he is "checkmated" and the game is over. When neither player is able to "check-mate", the game is drawn.

The school Chess club is slowly becoming non-existent. Mr. Holly said he would like to start the club again, but the main problem is the fact that the students who do stay after school, have no means of transportation home.

If you are interested in joining the Chess Club please contact Mr. Holly or Senior, John Gunther.

# ARROWSHOOTER

ARE THE BUSES CONSIDERED PART OF THE SCHOOL ? (L.B.)

The buses have nothing to do with the school except in the discipline department. They are the property of the individual sending districts. Which supply and pay for the student buses. Although the school doesn't own the buses, they can deny transportation if a student in any bus jeopardizes others. There must be a legitimate reason.

WHY DO SENIORS HAVE TO TAKE COMPREHENSIVES IN A CLASS JUST BECAUSE THERE ARE MORE UNDERCLASSMEN THAN SENIORS ? (P.M.)

Seniors are exempt from comprehensives only in courses designed for seniors. If you are a senior and you sign up for an underclassmen subject, you are not excused from this test.

IF FRESHMEN ARE PHYSICALLY ABLE, CAN THEY BE ON THE TRACK TEAM ? (C.F.)

There is a freshman track team. The schedule difference doesn't allow freshmen to be on the varsity team. Mr. Long is the freshman coach.

WHY DON'T WE HAVE ANY MORE PEP RALLIES ? (T.B.)

Pep rallies depend on the request of the coaches and the cheerleaders. There must also be an appropriate school time for the pep rallies.

WHY CAN'T THE FRESHMAN LEAVE THEIR CLASSES EARLY TO WATCH THE FRESHMAN BASKETBALL GAMES ? (C.M.)

The purpose of school is to increase your academic studies not to watch basketball games. The time would be lost and this wouldn't be very wise. The freshmen have basketball games on Saturdays and if you are really interested, you can see the games then.

WHY IS IT THAT SENIORS CAN'T DRIVE TO HISTORY CLASS ? (A.G.)

There is always the possibility if an accident for which the school could be sued. Students aren't allowed to drive during school hours. The school is responsible for you during these hours.

WHY DO THEY KEEP ASKING FOR MORE QUESTIONS FOR "ARROWSHOOTER" WHEN HALF OF THEM DON'T GET PUT IN ANYWAY ? (J.F.)

"Arrowshooter" answers many of the questions we receive pertaining to the school. The column isn't for personal problems outside of school or for problems that can easily be found in a book. Also, we refuse to answer ridiculous questions that anyone with common sense would know. We answer a majority of the questions but only a certain amount can be used at one time. However, we never throw out questions; eventually we'll use them all.

WHY AREN'T THERE MORE GUEST SPEAKERS AND ASSEMBLIES (ESPECIALLY FOR SENIORS)? (D.V.)

History and health classes usually bring in outside speakers for class purposes. If the class speaker is of interest to the entire class, an assembly will be called. Guest speakers for the assemblies are set up according to the general interest. Special speakers are invited to the individual classes for their particular interests.

Mary Pat Holly & Judy Morton

# JV Grapplers Defeat Shore 40-18

The Manasquan J.V. Wrestlers pinned the Shore Regional Blue Devils 40-18 at home last Wednesday.

Rod Brennan, 123 lbs., pinned Steve Smith in 1:30 during the third period.

Half way through the match, Steve Hines, 136 lbs., topped a one sided decision and out -wrestled Mark Doelling 18-4.

Shore Regional came alive during the last three matches but it was too late for Squan had the match well within reach.

# Stamp Investing

Stamps are one of the most profitable investment opportunities in the world today. While some stamps are of relatively little value when they are issued, many of them increase in value in a short time.

One example of the value raise involved with stamps is the issuance of the MOON-WALK stamp. This stamp was issued in a Se-Tenat format; the two stamps of different design were printed in the same sheet. When issued they could be bought for face value, but when I went to the A.S.D.A. show, one dealer was offering to pay almost \$40 for a sheet, which was five times more than the original value.

Another popular kind of stamps that are worth saving are those with errors. Some of the more common errors are imperforates (stamps with no perforations around them), misplaced perforations, color changes, or the shifting of design.

John Elmer

Garo has credit for ending the longest pro football game in history (6 quarters on Christmas Day) 1971) and has been doing a great job this season. For Washington, Curt Knight, whose kicking has been off and on.

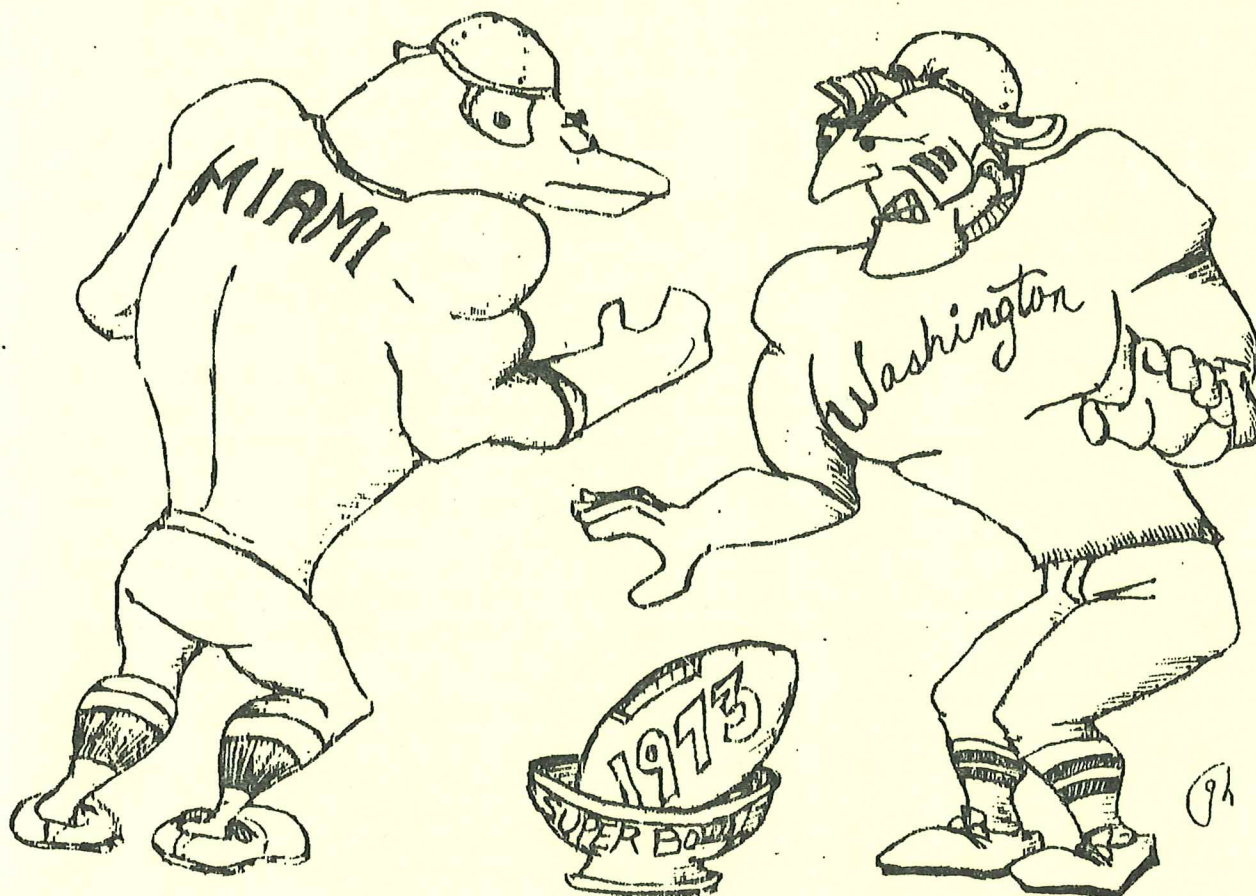

In concluding this little preview, I would like to give my own personal views on the game. Let it go down that this reporter chose the Miami Dolphins. I'll not pick any certain amount of points because picking on points especially for a game as big as this, there are many things to be considered, including the London Flu which plays the biggest part in this game. Plus my name is not Jimmy "The Greek" Snyder.

## 'A TRIBUTE TO ROBERTO'

When almost everyone around the world was preparing to celebrate the oncoming New Year, four men were boarding an airplane that was to take them and emergency supplies to the Nicaraguan earthquake victims. The plane, however, never made it to Nicaragua, as it crashed in the waters off the coast of Puerto Rico, killing all that was aboard.

One of the passengers on that plane was Roberto Clemente, a member of the 1971 World Series Champions Pittsburgh Pirates. Yes, Clemente was killed in the prime of his baseball career, at age 38.

Clemente was the third world renowned baseball player to die in 1972. Gil Hodges was the first, as he died on April 2. He managed the New York Mets, and had hopes of leading them to another World Series victory. Jackie Robinson the first Black in professional baseball died in late November.

All three men, were at one time in their life associated with the late Branch Rickey, the manager of the old Brooklyn Dodgers. When Rickey was in power during the Dodgers "heyday," he had in his command both Hodges and Robinson. Before leaving Brooklyn, he had a young outfielder named Roberto Clemente, but Rickey was preparing to move his staff to Pittsburgh. Once he was settled down in the "Steel City," he sent for Roberto, who has until the time of his death, made Pittsburgh and the Pirates his life.

All of his baseball career with the Pirates has been very profitable. In 1966 he was voted the league's Most Valuable Player, he has played in 12 All-Star games and is one of only 11 players to get 3,000 hits in one season. Roberto was voted outstanding player in the '71 World Series.

Everyone is familiar with Clemente's heroics on the field, but only the people of his native Puerto Rico can really say what he is like. During the off season Clemente managed a Puerto Rican National baseball team. At the time of his death, Roberto was considering retiring to his homeland to help the youth.

Roberto Clemente will be inducted into the Baseball Hall of Fame. The normal five years of waiting will be dropped to allow his admittance. The five years of waiting has only been lifted once before, this was to admit Lou Gehrig before he died.

Roberto Clemente will live on in the hearts of all his fans. People will long remember that New Years Eve when life hit a grand slam that Clemente was unable to field.

## Cagers Win Jackson José Rumson

After coming within two points at the half, Rumson-Fair Haven Regional's Bulldogs held Squan's cagers in check, and coasted to a 72-51 victory last Tuesday. Squan took a 4-0 lead in the opening minutes, but Rumson came back to take command at the end of the first period 16-11.

Rumson scored 14 points in the third quarter to put the game on ice. High man for the Bulldogs was Palvin Williams with 19 points. Steve Koenig scored 12 for Squan's losing effort.

In previous action, Squan beat the Jackson Jaguars in a 64-63 thriller last Friday. Koenig and Mark Forrest led the scoring attack for the winners with 17 and 16 points respectively. Jim Hanann scored 18 for his team.

\*\*\* LAKEWOOD TONIGHT \*\*\*

Tonight Squan will play host to the Lakewood Pinners tonight in a conference battle. The game is scheduled to begin at 8 p.m. In order to top the Pinners, Squan will have to play organized ball. Lakewood will be a tough team to beat, but Squan needs the win to stay alive in the Conference.

# Fresh Beat Rumson 65 - 60

Manasquan's freshman basketball team won its seventh game as well as its third in a row against Rumson-Fair Haven Regional on Tuesday by a score of 65-60. "Baldy" Higgins and Ed Mitchell, Squan's sharpshooters, led the attack with 25 and 22 points respectively, while Billy Graver had 8 and Fritz Von Hirsch had 6.

Rumson had a halftime lead of 28-22. Squan stormed out in the third quarter and proceeded to score 14 points straight to take the lead 36-28. Squan never lost that lead and led after three with a score of 48-34.

Late in the fourth quarter when the issue was no longer in doubt, Coach Clem Bramley gave his five starters a rest. Taking the ball out under the Rumson basket, Mike Blair passed to Frank Palughi, who reached up and put it in the wrong basket. The Manasquan bench could not control itself and laughed uproariously until the game was over. After the game, a pleased Coach Bramley said, "Fritz," indicating Von Hirsch, "played one heck of a game."

The holiday season was tough for the team, first losing to Wall two days before Christmas and losing to Toms River North three days later for their only two defeats of the season.

Squan lost a tough home game to Wall on Saturday, December 23, with a score of 47-46.

Mistakes on both sides dominated this game. A Wall steal with less than a half minute left gave them the margin they needed. Billy Graver had 15 points for Squan while Baldy Higgins added 11.

In the holiday Tournament, Manasquan lost in the first round to Toms River North, 71-46 on December 26. The issue was never in doubt as North took advantage of a sluggish Manasquan defeat to score the highest point total against the Freshmen this year. Ed Mitchell led Manasquan with 19 followed by Higgins' 12.

Manasquan outlasted Monmouth Regional in a double-overtime game 67-63 to snap a two game losing streak on Tuesday, January 2. Mitchell's 24 points and a come-from-behind were two ingredients which helped Squan win. Higgins and Graver helped out in the scoring with 14 and 12 points respectively.

Feeling good after the Monmouth game, Squan defeated Jackson Twp., last Friday by a slight margin of 60-57. At the half, Manasquan led 25-17 and early in the fourth period Squan held a 17 point bulge 52-35. Manasquan managed to hold on to win, however, despite a late Jackson rally.

Manasquan plays host to Lakewood tomorrow at 10:30 am. The leading scores to date: Ed Mitchell 16.1 points per game, Baldy Higgins 14.4 ppg.,

Bill Graver- 13.3 ppg.

Patrick Erbe

# Weightlifting Starts

Any student may join the weightlifting club which meets every Monday, Wednesday and Friday at the end of 7th period in the gym. This is a non-competitive sport.

There are different sets of lifting exercises for the various sports. The programs offered are baseball, basketball, football, hockey, track and field, wrestling plus a basic body building program.

The basic idea of the club is to improve one's body by lifting weights.

Presently, there are twenty members in the club which is advised by Mr. Richard Trimble.

John McKeever

Squan meets the Piners from Lakewood tonight at home.

# GRAPPLERS CORNER

by Mark Fletcher

## Warriors Down Shore, 37-12

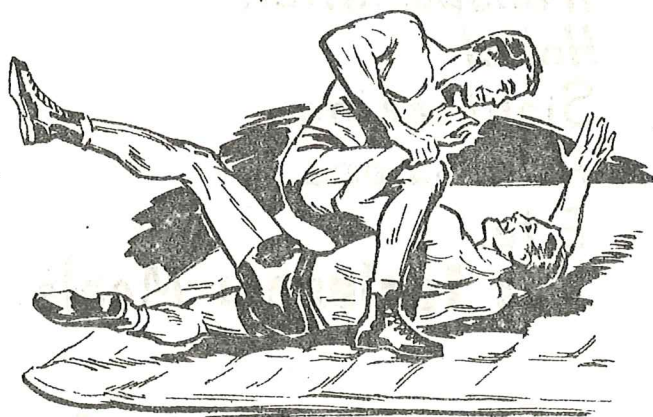

The Big Blue Warrior wrestling team trounced Shore Regional 37-12 in a one-sided affair played at Manasquan, Wednesday.

After viewing Jim Baxis' 19 to 1 defeat of Bob Kramer from Shore, the match became more and more out of reach.

The highlight of the match was Squan's Sherwood Phillips' pin of Ricky Shriver with thirty seconds left in the second period.

Manasquan's record now stands at two wins, one loss, and one tie, as its only loss was to Wall, 24 to 21.

- 98 Jim Baxis(m)-d-Bob Kramer(s) 19 to 1
- 106 John Rodriguez(m)-won by forfeit
- 115 Jim Lane(m)-d-Chris Beady 5 to 0
- 123 Sherwood Phillips(m)-Pin-Ricky Shriver(s) 0:30 1st
- 130 Charlie Krammer(s)-d-Bob Underhill(m) 7 to 2
- 136 Skip Farley(m)-d-Chris Smith(s) 13 to 0
- 141 Mike Gillert(s)-d-Doug Kovats(m) 4 to 2
- 148 Frank Wladick(m)-d-Henry Jossel(s) 7 to 2
- 157 Pat McLaughlin(m)-d-Drew Hampton(s) 6 to 2
- 168 Teddy Raffetto(m)-d-Ray Barker(s) 3 to 0
- 178 Bret Kaufmann(m)-Pin-Gordan Kammire 1:11 2nd
- UNL. Joe Ruane(s)-won by default-Ken Lucas(m)

## Hockey Team Takes 2nd Place

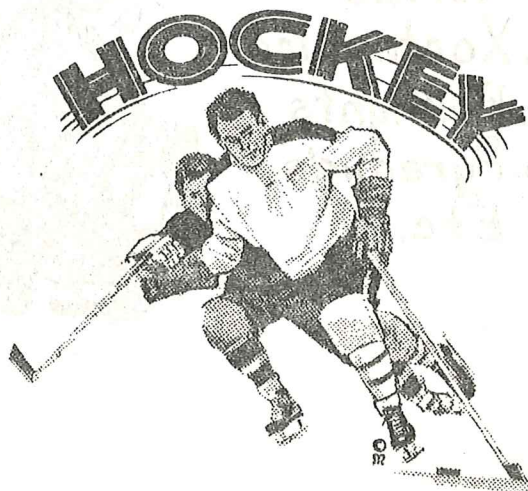

The Manasquan Ice Hockey Club completed its first round of the ice hockey schedule taking second place with a 4-2 record. Bricktown placed first with a 5-0 record.

Last Sunday Manasquan lost to Sayreville 4-2. Sayreville scored all of its points in the first quarter while Manasquan dominated the ice and scoring in the second and third quarters.

The captain for the team is Bruce MacFadyen. Alternates are Tim Carone and Al Morton.

Leading in the score for the team is Steve Meace with 10 goals, Andy Martin, 4, and Al Morton, 3. Now that the weather is favorable, the team is able to practice at Wreck Pond after school. The team would like to thank the Kupiecs for the storage facilities.

Dan Brennan

# The "Brotherhood of Marines"

In a message prepared in honor of the 197th Anniversary of the United States Marine Corps, the following statement was made. "There is no generation gap among Marines. Your officers and senior enlisted men, wise in experience, furnish the guidance and set the moral tone. Your young members accept their leadership with the knowledge that it is they who are the inheritors and the beneficiaries of the ideals which the Marine Corps has so successfully perpetuated throughout our nation's history." The message was signed, Richard M. Nixon, President of the United States.

The emphasis on professionalism and the development of the famed "brotherhood" concept, indicated in the President's message, has given the Marines a unique position among America's armed forces. Not only does a Marine receive the finest in combat and physical training, but he also becomes an important member of one of the most elite organizations in the world. As a member of the "brotherhood of Marines" he undergoes specialized instruction in the occupational field of his or her choice. In every case, the goal of the Marine Corps is to produce the best Marine today's modern educational and technological advancements can deliver.

To maintain the high standards required to perpetuate the "brotherhood", it is necessary to seek out and carefully select the finest young men and women. They must dedicate their hearts and minds to the Corps and the principals that made it what it is today. They must apply their individual training to the benefit of their fellow Marines and the betterment of the Marine Corps. Each Marine, counting on one another to perform their job to the best of their ability. Each Marine, a link in the chain of Marine Corps efficiency in both war and peace. Most important, they must show that they are capable of standing out and above all other servicemen and bear the title of "Marine" with the strength of 200 years of untarnished heritage behind them.

Where in history will you be remembered.....

For the young man who has pride in himself and his country. The Marine Corps offers specialized training in over 400 different jobs. On lands, sea and in the air. The Marine Corps uniform comes in many sizes but only a few good men can wear it.

"NOBODY LIKES TO FIGHT BUT SOMEBODY HAS TO KNOW HOW"

FOR further information see Sgt. HUGHES in Asbury Park of phone 774-2178
