# Inflation?

Considered by many to be our greatest problem, brutal inflation has strongly hindered our economy. Americans, particularly senior citizens, have all felt the bite of inflation. It robs us of our buying power, making it continually tougher to afford the bare necessities of life.

On a nationwide broadcast in June, 1970, President Nixon said that he would never institute wage and price controls because: "That would lead to rationing, black marketing, total federal bureaucratic domination...." But as Nixon was giving the country his solemn word that wage and price controls would not be instituted, he was preparing to do just the opposite. On August, 1970, Nixon instituted wage and price controls (without consulting Congress which is unconstitutional) leading us down the road of shortages. Now that the only thing there is abundances in is shortages, many concerned citizens have seen what a failure wage and price controls are. However, most people still have no idea on how to combat inflation. To fight something you must know what it is.

Inflation is an increase in the money supply, the inevitable result of which is rising prices. Rising prices are not inflation and do not cause it; they are an effect of it. We can be absolutely sure of this because even Richard Nixon - who has never told a lie - has often said so (during election time of course: "Actions speak louder than words"). Prices inevitably rise when the money supply is suddenly increased, because our economy is basically a huge auction in which the prices of things are bids. When there is more money to bid with, competition for those things cause bidding to go up. We may not like that, but that's the way it is, and will stay that way until human nature is abolished. Wage and price controls won't work because you can't legislate economics; it is simply human nature in action.

Many will ask, "How is the money supply increased?" This is done only by government spending. When the government runs a deficit (spends more than it taxes), brand new money in the amount of the deficit is put into circulation. As the new money percolates through the economy, it bids up wages and prices. This isn't just economics it is physics. You can't fit a quart of milk in a pint bottle. Our last six Presidents have consistently deficit-spended. Imposing wage and price controls is like saying wet streets cause rain.

Business blames unions and unions blame business for inflation. But both do not control the money supply; they charge higher prices and ask for higher wages only as an effect of the increase in the money supply. Wages and prices dropped during the depression because the government dramatically decreased the money supply. The opposite occurs when the government increases the money supply, which it has consistently done for over forty years. This reminds one of Germany in 1923, where the government increased the money supply to such high proportions that the German mark was worth 4.2 billion to the U.S. dollar. Prices raised hourly - even though there were price controls as shortages and rationing became commonplace.

It is happening here - no matter what Tricky Dick tells you.

ARROWSHOOTER

FOR GIRLS, THERE ARE COMPETITIVE SPORTS SUCH AS FIELD HOCKEY AND BASKETBALL. IS THERE GOING TO BE A GYM-NASTICS TEAM OR MAYBE EVEN A CLUB LIKE THE BOYS HAVE WITH WEIGHT LIFTING?  
(K.C.)

If the girls show enough interest in a sport and enough sign up for it, Miss Emerson then has to get it approved by the Board of Education.

WHEN WILL THE SPLIT SESSIONS END FOR THE JUNIORS AND SENIORS? (M.B.)

Split sessions will not end until regionalization takes place.

WHY CAN'T THEY SELL TICKETS AT DOORS FOR THE BASKETBALL GAMES? THEY WOULD GET A LOT MORE MONEY THAT WAY BECAUSE MANY PEOPLE WOULD COME ON THE SPUR OF THE MOMENT. (S.R.)

The reason we don't sell tickets at the doors is so we can control the crowd and so we don't have a lot of outsiders coming in who could cause trouble.

BY SUE FLORIO AND  
NANCY DILLON

HOW COME IT SMELLS IN THE HALLWAYS SOME TIMES?  
(D.S.)

It smells in the hallways sometimes because of experiments in the science rooms.

I DON'T UNDERSTAND WHY THE PEOPLE WHO WANT TO TAKE PICTURES HAVE TO TAKE ONE YEAR OF JOURNALISM?  
(J.P.)

A person who is an experienced photographer doesn't have to take a year of Journalism to submit photographs for the "Warrior." A person who knows very little about photography should sign up for the Journalism I class because the course stresses photo journalism.

WHY DOES THE STUDENT COUNCIL EXCHANGE PROGRAM INCLUDE ONLY UPPERCLASSMEN? AS USUAL THE YOUNGER STUDENTS AREN'T GETTING ANY PRIVILEGES. (C.G.)

See your student council representative and request to be exchanged.

I AM A FRESHMAN AND AM WONDERING IF I MAY WRITE FOR THE SCHOOL NEWSPAPER, THE "WARRIOR."  
(B.A.)

Anyone who wants to write for the "Warrior," see Mr. White.

The fish was born with the desire to see the world through rose-colored glasses. He likes to live on the sunny side of life and if reality becomes too hard to face, he turns to his rosy daydreams.

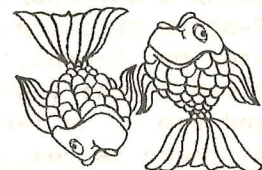

The symbol of Pisces is 2 fish swimming in opposite directions which shows that the Neptunians are torn between dual desires.

Even though Pisces shy away from competition, many are compelled to the stage. They can use their fantastic powers of acting and interpretation to bring out strong emotions. In spite of their natural timidity, they often become the finest performers in the theatre.

The fish likes to tease and analyze and is overflowing with idealism and enthusiasm, but without much drive. He can be lazy and peaceful one minute but talk fast and think cleverly the next.

Humor is abundant in the Pisces' conversation and they have glorious imaginations. Helping is their first instinct so if you need a dime or a \$1, go to them. They never judge people and Pisces can get along with anyone, especially Virgos. Pisces love poetry and good books.

Some famous Pisces are Frederick Chopin, Albert Einstein, Ted Kennedy, Jackie Gleason, Michelangelo, Dinah Shore, Earl Warren, and George Washington. By Karen Hansen, Heidi Goss

# SCHULTZ WINS BAUSH LOMB AWARD

"I didn't believe it," was Senior Leslie Schultz's reaction when she received the Baush and Lomb Science Award.

Scholarship winners are selected on merit as the outstanding candidate for all science subjects in their four years of high school. This medal will be awarded at graduation. Surveys have shown that the award has encouraged more than thirty per cent of the winners to follow scientific careers.

Leslie has applied to Duke University, Princeton, Rutgers, and Penn. St., and has also applied and been accepted at Seton Hall, and Georgia Tech. She plans to major in Pre-Med and become a Pediatrician or a family doctor.

Leslie has taken all the science courses in high school and has just finished Advanced Biology. She is now taking Advanced Chemistry.

Raising cacti, caring for an aquarium with tropical fish, and sewing, are among Leslie's hobbies.

In her freshman year, she worked in the greenhouse and also was a volunteer at the Sandy Hook Marine Lab, where she weighed and measured fish specimens, and filed fish according to their names. She was also a Medical Explorer at the Jersey Shore Medical Center. Leslie learned of this through the Guidance office. Meetings were held twice a month and she did volunteer work in the emergency room.

She has received recognition for her excellent academic achievements in the National Honor Society, Kiwanis Honor Society, and Board of Education Awards. She is a finalist in the Bodman Scholarship Program and received commendation from the National Merit Scholarship Programs. She was also named to "Who's Who" in the American High School.

Leslie is the oldest of three children of Mr. and Mrs. Edward Schultz of Brielle. She has a sister Cynthia, a Junior, and a brother Steve, a Sophomore.

Patti Vertucci

## Chessmate

After four meetings of the newly founded Manasquan Chess Club the standings do not show the whole story.

Even though the standings are widespread the chess games themselves are very close. Mr. Holly, the club's advisor, so far has split in two very close games with Robert Solt and another pair with Thomas Wolfe. Mark McGovern even though his record does not show it he is becoming one of the best chess players in the club.

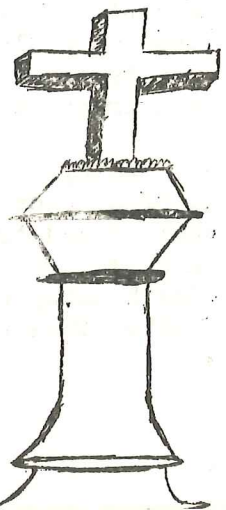

Dave Tilton and John Lavance are at the bottom of the heap but still play very good games of chess.

	WINS	LOSSES	
B. Barlow	3	1	750%
R. Solt	6	3	66%
T. Wolfe	5	3	603%
Mr. Holly	3	2	600%
M. McGovern	3	4	431%
J. Lavance	0	5	000%
D. Tilton	0	4	000%

TIE=1 WIN=2

R. Solt	12 points
T. Wolfe	10 points
B. Barlow	6 points
Mr. Holly	6 points
M. McGovern	6 points
F. McKeever	4 points
J. Lavance	0 points
D. Tilton	0 points

Thomas M.  
Wolfe

(CONTINUED)

Lessons, travel, (to South Amboy weekly) and costumes can run up quite a bill. Kathy's parents pay most of the fees but with the help of a part time summer job and teaching, she helps with the tuition costs.

"Yes, dancing takes up all my time and it interferes with everything but I don't mind," she laughed. "I think dance has become a growing interest in the U.S. (Metropolitan areas-New York, Chicago,) within the last fifty years.

## Activities

Besides her school studies, teaching, and lessons, Kathy is kept very busy. She enjoys playing tennis and sleeping. She is also the Recording Secretary of the G.A.A. At the present time Kathy is participating in the New Jersey Expo Talent Contest for those between ages 13 and 18. It enables

those interested in music and dance to perform and gain experience. There are three stages of elimination and the winners will perform at the Garden State Arts Center in June.

Kathy admires Cynthia Gregory because she is a "beautiful dancer" and mostly because of her role in Swan Lake. She is a soloist at the American Ballet Theatre. She also admires Madame Swaboda, now 75 years old, who has retired from dancing but is still able to teach the young as well as the professionals and "that's something to be admired."

"I think it's important to read about dance because it enables you to understand other people's purpose, attitude, technique, and style. It also enables you to interpret the different periods of history. Dance tells a story through movement and it reflects each era in time.

## Future Plans

The Boston Conservatory of Music, Julliard School of Music, Texas Christian University, and Point Park are the colleges Kathy is thinking about if she does not break into the field of dancing otherwise.

"I hope to become a professional ballet performer and afterwards with this experience, I hope to be a professional teacher," she concluded.

Kathy, a junior, lives in Spring Lake Heights with her parents Mr. and Mrs. Cornelius Holly and three sisters, Teresa, Christine, and Lorraine.

"It's important for a girl to dance," were the words of a very close friend.

By Mary Pat Holly

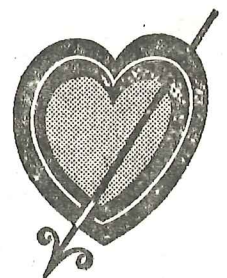

## Underhill Sponsors Heart Fund Dance

Sharon Underhill, the Manasquan High School representative in the "Queen of Hearts" contest, will sponsor a dance in conjunction with the Brielle Student Council, for 7th and 8th graders on February 15 from 7:30-10:30. The proceeds will go towards the Heart Fund Collection.

Other fund raising activities such as a Dutch maid clothing demonstration on February 22, at 522 Longstreet Ave.,

Brielle, and a handicraft and bake sale on February 23 at the Brielle Shop-Rite from 9:30 am - 2 pm are scheduled.

Sharon's total is now over \$800. Anyone wishing to contribute to the cause should contact: Janice Underhill, Debbie Webster, Karen Thorn, Mary Stets, or Beth Coverdale.

# THE AMERICANS

This is the full text of his commentary:

"The United States dollar took another pounding on German, French, and British exchanges this morning, hitting the lowest point ever known in West Germany. It has declined there by 41 per cent since 1971 and this Canadian thinks it is time to speak up for the Americans as the most generous and possibly least-appreciated people in all the earth.

"As long as 60 years ago, when I first started to read newspapers, I read of floods on the Yellow River and the Yangtze. Who rushed in with men and money to help? The Americans did.

"They have helped control floods on the Nile, the Amazon, the Ganges, and the Niger. Today, the rich bottomland of the Mississippi is under water and no foreign land has sent a dollar to help. Germany, Japan, and, to a lesser extent, Britain and Italy, were lifted out of the debris of war by the Americans who poured in billions of dollars and forgave other billions in debts. None of those countries is today paying even the interest on its remaining debts to the United States.

"When the franc was in danger of collapsing in 1958, it was the Americans who propped it up and their reward was to be insulted and swindled on the streets of Paris. I was there. I saw it.

"When distant cities are hit by earthquakes, it is the United States that hurries in to help...Managua, Nicaragua, is one of the most recent examples. So far this

spring, 59 American communities have been flattened by tornadoes. Nobody has helped.

"The Marshall Plan... the Truman Policy...all pumped billions upon billions of dollars into discouraged countries. Now newspapers in those countries are writing about the decadent, war-mongering Americans.

"I'd like to see just one of those countries that is gloating over the erosion of the United States dollar build its own airplanes.

"Come on...Let's hear it! Does any other country in the world have a plane to equal the Boeing Jumbo Jet, the Lockheed Tristar or the Douglas 10? If so, why don't they fly them? Why do all international lines except Russia fly American planes? Why does no other land on earth even CONSIDER putting a man or woman on the moon?

"You talk about Japanese technocracy and you get radios. You talk about German technocracy and you get automobiles. You talk about American technocracy and you find men on the moon, not once, but several times ...and safely home again. You talk about scandals and the Americans put theirs in the store window for everybody to look at. Even the draft dodgers are not pursued and hounded. They are here on our streets, most of them...unless they are breaking Canadian laws...are getting American dollars from ma and pa at home to spend here.

"When the Americans get out of this bind...as they will...who could blame them if they said, 'the hell with the rest of the world.' Let someone else buy the Israel bonds. Let someone

else build or repair foreign dams or foreign buildings that won't shake apart in earthquakes.

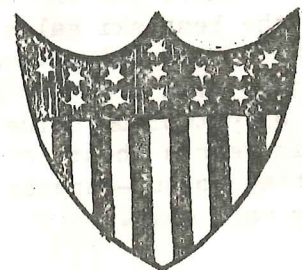

"When the railways of France, Germany, and India were breaking down through age, it was the Americans who rebuilt them. When the Pennsylvania Railroad and the New York Central went broke, nobody loaned them an old caboose. Both are STILL broke. I can name to you 5,000 times when the Americans raced to the help of other people in trouble.

"Can you name me even ONE time when someone else raced to the Americans in trouble? I don't think there was outside help even during the San Francisco earthquake.

"Our neighbors have faced it alone and I'm one Canadian who is damned tired of hearing them kicked around. They will come out of this thing with their flag high. And when they do, they are entitled to thumb their nose at the lands that are gloating over their present troubles.

"I hope Canada is not one of these. But there are many smug, self-righteous Canadians. And, finally, the American Red Cross was told at its 48th annual meeting in New Orleans this morning that it was broke.

"This year's disasters... with the year less than half over...has taken it all and nobody...but nobody ...has helped.

# LOOKING AT THE MEDIA

BY PATRICK D. ERBE

**NEWS REVIEWS** - Two more new shows have appeared on the scene, The Cowboys on ABC replacing early flop Bob & Carol & Ted & Alice and CBS's new triumph Apple's Way which took over for The New Perry Mason.

Let's first take a look at The Cowboys, (Wednesday at 8, ABC) created from the movie of the same name starring John Wayne. Well, Duke was killed in the movie and this series is all about "seven boys who were young when the West was young." Moses Gunn stars as the boy's mentor, Mr. Nightlinger, Diana Douglas is Mrs. Anderson and the seven boys are A Martinez, Robert Carradine, Sean Kelly, Kerry MacLane, Clint Howard (from "Gentle Ben"), Mitch Brown and Clay O'Brien. This series has great possibilities, being used as a lead-in for the ABC Wednesday Movie of the Week and could prove to be a great series.....

Apple's Way premiered on this Sunday past (7:30 CBS) and I happen to think that this show could be one of the best ever to be seen on CBS. It preceeds the Sunday Mystery Double Feature of Mannix and Barnaby Jones. Apple's Way is about an architect from Los Angeles who moved his family back to the town of his forefathers Appleton, Iowa. Ronny Cox stars as Apple who could be described as slightly eccentric, but willing to stand up for what he feels is right as was seen in the

first episode when Apple refused to budge from an old oak tree until forced by police. The tree was to be chopped down to make room for a motel but the demonstration by Apple and friends who set in the tree swayed the motel company to find an alternate site for the motel. Lee McCain co-stars as Barbara Apple. The children: Paul, Vince Van Patten; Cathy, Patti Cohoon; Patricia, Franny Michel and Steven, Eric Olson. The Apples also have three dogs: Sam, Muffin and Bjou. Steve's pet snake's name is Ruby. One of the year's best series.

**ALI-FRAZIER** - Wide World of Sports has declined to set a date for the showing of the second Ali-Frazier fight but it is presumed to be shown the beginning of March.

**TWO HOUR NEWS** - WNBC-TV (Channel 4) will start its new two hour newscast on May 1. The new format calls for three anchormen. Charles Scarborough has been pointed out as one of these. Carl Stokes will stay on as political analyst and former New York City commissioner of consumer affairs Betty Furness will be one of the new reporters.

**NO LIVE T.V.** - For the first time since 1965 none of the T.V. networks had live coverage of the Skylab 3 splash-down. Live radio coverage prevailed, however.

**OUT OF WORK** - Murray the K has quit WNBC (66) radio and is looking for work....

**KNICKS MOVE** - Next year, Knick basketball games can be heard on WNEW (1130) radio. Maro Albert will stay on as play-by-play man. WNEW now has the Giants, the Knicks and Maro Albert(?).

**MUSIC ON ABC** - On February 19 ABC will present "The American Music Awards" special. Winners will be chosen from pop, rock and soul categories. Hosting this event will be Roger Miller, Helen Reddy and Smokey Robinson.

## Rare Stamps?

In December of 1973 the United States Postal Service printed a quantity of new stamps for the new rate hikes due on January 5, but they were foiled in their bid for higher rates by the cost of living council.

Now they have been told to wait until March before they may try to raise the postage rates again.

While this was going on, the 10¢ stamps were being distributed to the post offices, and many collectors bought out the stamps in anticipation of the new rates.

If the Post Office is not allowed to raise the rates, no more 10¢ stamps will be printed. This will mean that the average collector will have a rough time getting the stamps, and that the retail price of these stamps will rise.

There will be a series of District Auditions in many Counties, with the best qualified selected to compete in the Semi-Final competition. Those two judged best in each category of competition in the Semi-Final contest will enter the Finals. At the Finals, the judges will select two winners in each vocal and instrumental category and one in each dance category - all to be featured in the "1974 Talent Expo Showcase of Stars" on the Arts Center stage. The winners will also be presented handsome trophies at the "Showcase" performance.

In six South Jersey Counties, Talent Expo will be carried out in cooperation with the Diocesan Youth Office of the Catholic Youth Organization. That organization will conduct the District Auditions in Atlantic, Camden, Cape May, Cumberland, Gloucester and Salem Counties. The best in those counties will compete for the Camden Archdiocesan C.Y.O. Talent award and at the same time will qualify for the Talent Expo Final Contest. While co-sponsored by the C.Y.O. in that area the Talent Expo competition is open to all youngsters regardless of their religious affiliation and all are invited to participate. Residents of those Counties are encouraged to call (609) 541-2100.

# January Student of the Month

"I was suprised when Mr. Mickett told me." I didn't even know when the voting took place," said Cathy Walker when asked how she felt about being named Student of the Month.

Editor of the 1974 Treasure Chest is a very busy person all around. Besides being preident of the German Club, and doing the advertising for Angersbach International Tours, she teaches second grade Sunday School at the First Presbyterian Church in Belmar.

Cathy plans to attend the University of Kentucky and major in pre-dentistry. Over the summer she worked voluntarily for Dentist Lewis W. Adam, to receive experience and to learn some of the procedures. "I assisted with most everything, even surgery."

When asked how long she has been interested in dentistry she said, "since high school," and she also remarked, "I enjoy seeing immediate results of my work, and I think dentistry would be an interesting and creative field for me."

Cathy finds time somehow to be a busgirl at Evelyn's in Belmar along with all of her other activities. She like to sew, and do needlepoint and crewel, do a little sketching, and go bowling. She went out for the Varsity Bowling Team but didn't make it against all the guys who tried.

Cathy is a member of the National Honor Society and Kiwanis Honor Society and has received the Board of Education Award. She was also referred to in Who's Who in American High Schools.

## FROSH NIPS PINERS, 64-63

Manasquan frosh basketball team defeated the Piners of Lakewood 64-63 last Tuesday.

Squan started scoring quickly after tap but the Piners kept up. After the first quarter Squan held a commanding lead.

In the third quarter there were two technical fouls charged to Manasquan because of arguing with the referee. Both teams started playing tough defense and many fouls were called against both teams.

The final quarter was a mere disaster. Manasquan was leading by ten points but Lakewood was stealing the ball and getting easy layups. With a minute left Squan committed two turnovers which the Piners scored on. Manasquan retained the ball with twenty-three seconds remaining. The Warriors started to stall but a Piner stole the ball and threw upcourt to a teammate but Squan intercepted. Lakewood attempted a desperation shot it failed to go in.

Rick Morgan, 33, of Squan, takes a short jumpshot against the Jackson Jaguars. Manasquan won 76-52.

## PINERS TROUNCE WARRIOR CAGERS

84-50

MANASQUAN - Lakewood High Piner cage team won its 16th straight game over area rivals by downing the Blue Warriors of Manasquan 84-50 last Tuesday. Lakewood, the Class B leaders, sport an 11-0 conference record and are 16-1 over-all. Their only loss of the season was to Ewing Township. Squan is now 7-10 over-all and 4-6 in conference action.

The opening quarter was a fierce battle as both teams traded points. By the period's end Lakewood had a one point lead, 15-14. In the second period the Warrior cagers went into a slump allowing the visiting Piners to reel off 17 straight points. When the Big Blue offense got on track, they were only able to score six points before the half. Squan was outscored 23-6, thus giving the Piners an 18 point lead, 38-20.

Squan came alive in the third period as Lakewood began to coast. After three quarters of play, Lakewood was ahead by 30 points, 52-32. In the last period Lakewood's Coach Bob Nastase pulled his starters to allow his reserves playing time. Squan was outscored 22-18 for the final tally.

Lakewood had four men in double figures. Tom Briscoe paced the Piners with 20 points, Kevin King hit 16, George Crippen and Willie Troy scored 14 points each. Steve Rosa and Jack Dalton paced the Warrior efforts with 11 and 14 points respectively.

## SQUAN HOOPSTERS TIE FOR FOURTH IN 'B' RACE

Squan's varsity cagers, after losing 84-50 to the Lakewood Piners last Tuesday, are tied for fourth place in the B Division of the Shore Conference. Squan, which sports a 4-6 conference record, is tied with the Bulldogs of Rumson Fair Haven Regional. Lakewood, the division leader, is 11-0 followed by Ocean and Monmouth Regional.

## CLASS B

	W	L
Lakewood (16-1)	11	0
Ocean Twp. (10-8)	8	2
Monmouth Reg.(8-10)	5	5
Manasquan (7-10)	4	6
Rumson F.H.Reg.(7-10)	4	6
Central Reg.(4-13)	3	7
Howell Twp. (4-14)	3	7
Jackson Twp.(6-13)	3	8

Tonight Squan plays hos to the Spartans of Ocean Township. The last time the two teams met, Ocean won by four points in a tight game. Tip-off time is slated for 8p.m.

## NOTICE

All upperclassmen intersted in participating in track and field, should contact Mr. Lou Goldberg or Mr. Bill Bechtloff. Freshmen should contact Mr. Andy Long Baseball candidates should see Mr. Bill Ryan and freshmen are to see Mr. Jeff Osborne.
