

Fletcher Takes Gold Medal

Junior Varsity wrestler, Mark Fletcher, won a gold medal Saturday in a tournament held at Red Bank Regional High School. Mark wrestled in the one hundred thirty-five pound weight class.

The first round was a forfeit, but in the second round, Mark beat his opponent, George Turner from Howell, 6-2. In the third round, Mark beat Jack Kahle of Shore Regional, also 6-2. Mark won the finals against his opponent, Steve Buckle from Holmdel.

Other schools that attended the match were: Middletown, Raritan, Marlboro, Ocean, Monmouth, Freehold Township, Howell, Red Bank Regional, and Red Bank Catholic.

Brian Clark took 4th place in the 148 pound class; T.J. McCann captured a 4th place also in the 170 weight class.

Entering with only 9 wrestlers, Manasquan still was able to place 7th out of 13 high schools. Middletown won the tournament.

Mr. Charles Geran is the JV wrestling coach.

MARK FLETCHER, WRESTLING AT THE 135 POUND WEIGHT CLASS, CAPTURED THE GOLD MEDAL FOR THE JV WRESTLING TOURNAMENT HELD AT RED BANK REGIONAL HIGH SCHOOL.

Marturano Gives Up Teaching for Games

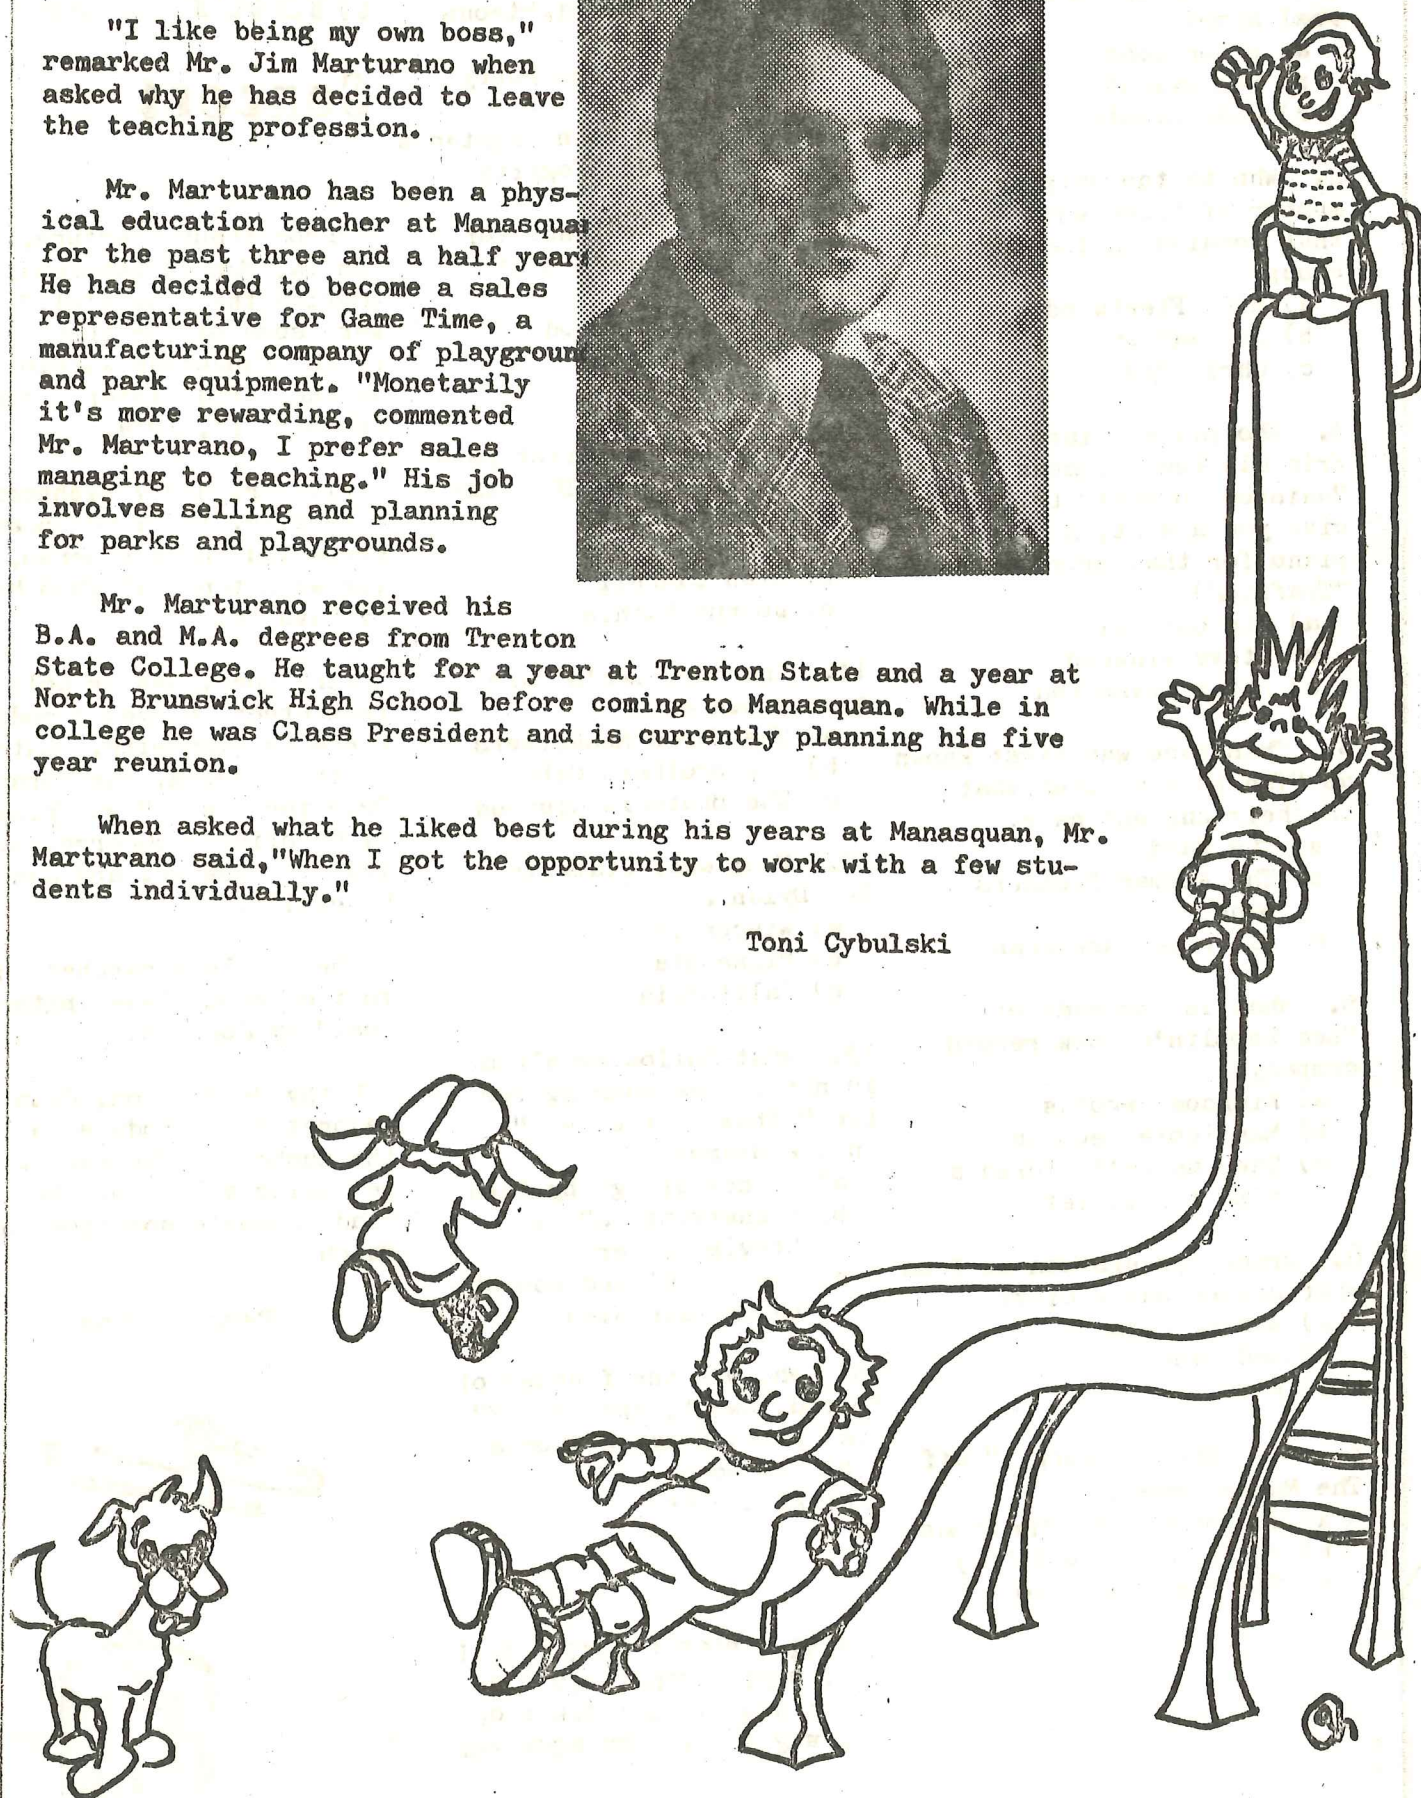

"I like being my own boss," remarked Mr. Jim Marturano when asked why he has decided to leave the teaching profession.

Mr. Marturano has been a physical education teacher at Manasquan for the past three and a half years. He has decided to become a sales representative for Game Time, a manufacturing company of playground and park equipment. "Monetarily it's more rewarding," commented Mr. Marturano, "I prefer sales managing to teaching." His job involves selling and planning for parks and playgrounds.

Mr. Marturano received his B.A. and M.A. degrees from Trenton State College. He taught for a year at Trenton State and a year at North Brunswick High School before coming to Manasquan. While in college he was Class President and is currently planning his five year reunion.

When asked what he liked best during his years at Manasquan, Mr. Marturano said, "When I got the opportunity to work with a few students individually."

CANAL ZONE RIP-OFF

Can our government do anything right ? After seeing the virtual sellout of the Panama Canal by Secretary of State Henry Kissinger, it is no wonder that many Americans are asking themselves that question.

On February 7th, Henry Kissinger signed an agreement with Panamanian Foreign Minister Juan Antonio Tack that would eventually turn over the Panama Canal to Panama. Consequently, it is quite apparent that the U.S. may be refused access to the Canal Zone by the anti-American government of Panama dictator Omar Torrijos. As a result, U.S. commerce and defense would be at the mercy of a tin-pot Napoleon. Torrijos has gone so far as to threaten the U.S. with military force. Teddy Roosevelt might have sent a few gunboats to teach Torrijos some manners.

If you think the hostile government of Torrijos is unlikely to refuse American use of the Canal Zone, you should review what happened when the British gave up control of the Suez Canal to a Soviet puppet named Nasser.

For years, the chief guardian of U.S. interests in Panama has been Representative Daniel Flood (D. - Pennsylvania). According to Mr. Flood:

"Panama has admitted many leftists from Chile going into exile who have been cooperating with Castro agents. These infiltrators do not wish solutions of problems but violence. Their goal is to have the United States expelled from the Canal Zone as this would open the way for a Soviet control of the Panama Canal and for completion of the transportation of Panama into another Cuba.

Above all we should understand the real character of Omar Torrijos, his close ties with the Moscow puppet Castro, and his secret machinations with other Red stooges, among them Libya's bombastic dictator, Colonel Muammar el Qaddafi. These are not mere happenstances, but the consequence of Communist infiltrators in the Panama Government who have counted on the complicity of Torrijos."

Although the loss of the Panama Canal would be bad, the unconstitutional powers usurped by Dr. Henry Kissinger is even worse. Students of the Panama Canal know that it was given to the United States "in perpetuity." The Constitution rests the power to change that status in Congress, not to an official of the Executive Branch. If America continually lets autocrats like Kissinger abuse the Constitution, we could eventually lose much of our freedom.

Demanding that the treaty be voted on by Congress, Americans should write to their representatives in Washington. We must refuse validation of Kissinger's brazen effort to strip the U.S. of Canal Zone control.

Although most Americans don't know it, Henry Kissinger has held high consultant posts with Presidents Eisenhower, Kennedy, Johnson, and Nixon. He has played a major role in our disastrous foreign policy (which includes getting us in Vietnam) and America ought to get rid of him. We should demand the impeachment of Nixon and KISSINGER.

It may be years before this transaction is completed. However, Americans shouldn't wait to voice their disapproval at the last second. The best time to stop this rip-off is NOW !

TWO-MINUTE MYSTERIES

CASE OF THE DOUBLE BLOWOUT

by Donald Sobol

Dr. Haledjian was returning late at night from a hunting trip when the headlights of his car shone on a sedan parked across the country road.

He swerved onto the shoulder to avoid a collision and braked as two of his tires blew. Suddenly four masked men appeared. They relieved him of his money and sped off in the sedan.

"A neat little caper," muttered the sleuth, playing his flashlight over the scattering of razor sharp studs that had caused the two flats.

Tramping to a farm house he told the farmer who answered his knocking, "I was just robbed about a mile down the road. I'll need a new tire. Can you get someone to help me?"

"Come in," the farmer invited. "I'll telephone Titusburg. Make yourself comfortable."

The farmer disappeared into the kitchen. Haledjian heard him speak over the telephone to the sheriff and then to a service station.

"The sheriff and a new tire are on the way here," the farmer said, emerging from the kitchen.

An hour later the sleuth was recounting the details of the holdup to the sheriff while the serviceman put on his spare tire and the new tire the farmer had requested.

Then, upon Haledjian's recommendation, the sheriff arrested the farmer for being involved in the hold-up.

Why?

Answer unless he had seen
Haledjian's car, parked at
night a mile from his house
the farmer could never explain
of exit size tire to order

POEMS

As the tide slowly turned
from high to low,
the ocean waves churned
their sad tale of woe.

White caps cried their
silent prayer;
gulls in flight screamed out
their plea.
And the one-eyed squid, oh
so rare!
ardently begged once more
to be free.

Glossy turtles streamed
past, two-by-two;
the lobsters, crabs, all
wept their affright.
Schools of sunfish, gone
askew,
are now so dark where they
once were bright.

Massive hammer-heads, warriors of the sea,
confer with Moby's descendants.
Sighing for a time forgotten but used to be,
before they suffered man
and his torments.

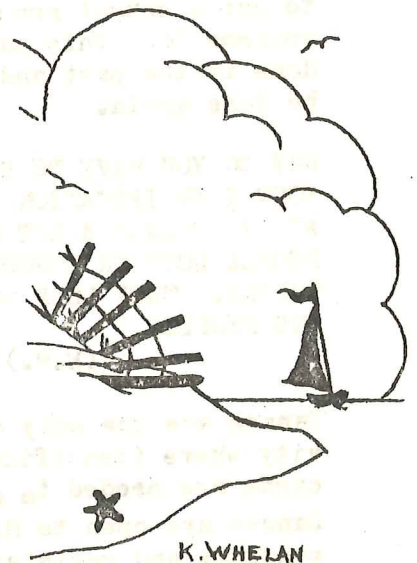

For man came forth hence!
ruining one of seven wonders.
Of natural beauty and tranquility he did dispense,
but will one day pay for
his plunders. (repeat 1st stanza)

A yesterday is a world in
which people live when
they can't face today and
they have no tomorrow.

A tomorrow is a world of
dreams, of laughter, of
tears, of hopes, of fears,
used when yesterday is worn
out and today is too hard
to face.

A today is a world of rest
lessness, when people want
to live in a yesterday or
a tomorrow but find that
they can't.

POLITICAL WORLD

SOLZHENITSYN STRIPPED OF CITIZENSHIP

Aleksandr I. Solzhenitsyn was stripped of his citizenship and was exiled from the U.S.S.R. to West Germany.

"I am very tired and concerned about my family," said Solzhenitsyn as he spoke in German to a crowd of journalists at Mr. Boll's home.

He was jailed until the government told him he was going to be exiled to West Germany. He was put on a

plane and sent to Frankfurt, Germany. Then he was escorted to Mr. Boll's home in a small farming village in the Eifel hills. He seemed to like it in Germany and is waiting for his family to join him in exile.

Solzhenitsyn was a Russian writer who won the Nobel Prize, but didn't receive it until now because he was afraid of his visa being rejected on his way back. He wanted to go to Boll's

home when he found he was going to be exiled. Boll won the Nobel Peace Prize in 1972 and met with Solzhenitsyn when he visited Moscow.

The German people are glad to see him and are looking forward to his speeches and lectures.

Solzhenitsyn is resting well and wants to see his wife and his two sons very much. We all hope that he and his family meet soon and that they have a much better time.

Kidnapping

Recently a kidnapping took place involving Randolph Hearst's daughter, Patricia, who was kidnapped three weeks ago in her apartment.

Since the kidnapping a number of tapes have been sent to the Hearst's residence and Patricia's said that she was alright and she was being treated well.

The kidnappers are called "The Liberation Army" and it seems they mean business.

The Hearst family had to "cough up" two-million dollars and are going to have to "cough up" four more million dollars. The money is going to be used for food for the poor in the state of California. The Hearst Foundation is going to pay the money demanded by the kidnappers.

Many people don't understand that the Hearst family doesn't have much cash, but they do have

thousands in stocks and the Hearst Foundation. They can't get the kind of money the kidnappers want.

The FBI and the local police are working on the case but it is a hard one to crack said some officials. This was a well set plan and probably took months of research to get the plan just right.

In the past few days another kidnapping took place involving Regg Murphy, newspaper editor in Atlanta, Georgia. "He was taken just for the money," said the alledged kidnappers, who were picked up just the other day. Luckily Regg Murphy didn't suffer any injuries and we all hope that Patricia Hearst doesn't

suffer any like the one that J. Paul Getty's grandson suffered, one missing ear and some very bad bruises.

STUDENT TEACHER- MISS PAIXAO

"Everyone is very friendly and helpful," commented Miss Ann Paixao, a History student teacher.

Miss Paixao, a senior at Georgian Court College, teaches one American Foreign Policy class and three U.S. History II classes. She assumed her teaching duties here at Manasquan in January and will conclude her stay on April 5. Majoring in Government and minoring in History, Miss Paixao, in the future, hopes to pursue a career in some aspect of government.

A 1971 graduate of Notre Dame High School, Miss Paixao participated in cheering, field hockey (center halfback), student council, and chorus.

Miss Paixao was just recently selected to "Who's Who" in American Colleges. In college, she is President of the History and Government Club, a member of the International Club, and she also plays the guitar at the masses.

During her leisure time Miss Paixao enjoys folk singing, cooking, sewing, and skiing.

"It's quite a learning experience," said Miss Paixao, as she summarized her stay, thus far at Manasquan.

By Mary Pat Holly

Miss Ann Paixao, senior at Georgian Court College, is doing her practice teaching under Mr. Robert Holly and Mrs. Carol Knopp.

WINNERS EAT HONEY!

Bee it for John to say...

Athletes, students, contestants, growing children or adults...

WHEN YOU EAT HONEY YOU ARE EATING ONE OF NATURE'S FINEST FOODS!

All of you know the value of these various ingredients in your diet and that honey has a tremendous lot of energy ready for instant use.

Honey contains many different sweets, minerals, vitamins, enzymes and an anti-bacteria factor in which bacteria harmful to man cannot live.

The Green Bay Packers eat honey three times a day during football season for that extra energy.

The Little Bee has a tremendous amount of energy. It gathers most of the Honey from the flowers when the "Sun" is shining. It gathers this "Sun Kissed" Honey from the heart of the flower and brings it to you in all its goodness.

Honey is referred to as the food of the Gods. Golden Years are better years with honey. Everything to win. Nothing to lose. Be a winner all your life, use honey every day.

Honey is unique, in that it is the only natural unmanufactured sweet available in commercial quantities.

Honey is an important, quick energy producing food, non-fattening, which is

contrary to the belief of a great many people. Honey is largely composed of two simple sugars; dextrose and levulose, these sugars are absorbed quickly and easily without taxing the digestive system.

Honey is nature's oldest sweet. It stands supreme.

Bees have all the common laws, and with common care observe them all. They have one common bond, not to have anything lawful for one which is not lawful for another; but whatsoever is lawful is lawful to all.

If, while in their search for honey, bees did not carry pollen on their furry little legs from one blossom to the other...many fruit trees, legumes and vegetables would not yield crops or reproduce the following year.

Long-life recipe--Moscow (UPI) The Soviet News Agency Tass reported that there are about 80 persons over 100 years of age who live in the villages of the western Uralls. It quoted one such resident's success for long life as being hard work and eating honey.

Metheglin is what the ancient Germans called the mead they made from honey. A highly intoxicating beverage, it was. Newlyweds customarily drank it daily during the first 30 days of their marriage. And some theorists contend that's why we call that time the honeymoon.

CHESSMATE

During the meeting of the Chess Club on February 21, 1974, it was decided that we would not keep records for another two weeks because people are still learning. It is unfair if one person has played 15 games and another only 5. No more people will be able to join the Chess Club after the second Thursday in March.

Two new members, Mark Auwaerter and John Frost, both sophomores, joined the Chess Club.

Even though there is no standings chart below, it is still somewhat like last week.

John LaVance finally won a game over Dave Lilito. Within the next two weeks, we will know who will be the future Bobby Fishers of Manasquan High School because we are starting with three dimensional chess.

by Tom Wolfe

Support the Warrior

* * *

In 1923, a group of the world's most successful financiers met at the Edgewater Beach Hotel in Chicago. Present were:

The president of the largest independent steel company.

The president of the largest utility company.

The greatest wheat speculator.

The president of the New York Stock Exchange.

A member of the President's Cabinet.

The greatest "bear" in Wall Street.

The president of the Bank of International Settlements.

The head of the world's greatest monopoly.

Collectively, these tycoons controlled more wealth than there was in the United States Treasury, and for years newspapers and magazines had been printing their success stories and urging the youth of the nations to follow their examples.

TWENTY-FIVE YEARS LATER...

Let's see what Happened to These Men

The president of the largest independent steel company - Charles Schwab - lived on borrowed money the last five years of his life and died broke.

The greatest wheat speculator - Arthur Cutten - died abroad, insolvent.

The president of the New York Stock Exchange - Richard Whitney - was recently released from Sing Sing.

The member of the President's Cabinet - Albert Fall - was pardoned from prison so that he could die at home.

The greatest "bear" in Wall Street - Jesse Livermore - committed suicide.

The president of the bank of International Settlement - Leon Fraser - committed suicide.

The head of the world's greatest monopoly - Ivar Kreuger - committed suicide.

ALL OF THESE MEN HAD LEARNED HOW TO MAKE MONEY, BUT NOT ONE OF THEM HAD

LEARNED HOW TO SAVE FOR THE FUTURE.

Senior Joe Joyce attempts to roll his opponent in the 148 pound weight class on February 20. Joe won 6-0 and the Golden Falcons took the meet 34-15.

JV BEATS HOWELL IN OVERTIME 58-55

Manasquan's JV Warriors downed Howell, 58-55, in what was not an exciting game for the first three periods.

Squan quickly took control of the game, getting even scoring from all players. Peter Murray and Gerry Schreck controlled the boards for Squan. Squan led by 13 at the end of the period, 22-9.

In the second quarter the Warriors did more of the same. The Rebels didn't seem able to break Squan's press. Peter Murray got three easy buckets and John Allen threw in two. Squan took a 37-22 lead into the locker room.

In the third quarter the Rebels came alive. Squan's defence began to

slack with a 15 point lead. Gerry Schreck got 6 and Peter Murray the other 4 of all of Squan's points that quarter. Squan lead was slowly chipped away.

At the end of three quarters Squan led by 10, 47-37.

During the fourth quarter Howell exploded. Their defence held Squan to only 6 points while getting 16. Their pressuring defence cause turnovers and easy buckets. At the end of three quarters the game was tied, 53 all.

In overtime Squan's starters, now back in the game, took control. Patiently working, built up a three point lead which was enough to win. Final score 58-55.

Gerry Schreck led all scorers with 15 and Pete Murray was next with 12. Mike Blair had 8 assists and Harold Kelly had 3.

For the season Squan is 13-6. Personal leaders are as follows: assists, Ed Mitchell, 41; Mike Blair, 37; steals, Ed Mitchell, 61; Pistol Pete Murray, 60; rebounds, Ed Mitchell, 119; Pete Murray, 107; Pedro Higgins, 98.

Tonight Squan meets Rumson at home; game time is 7:00. Last game Squan won by 41 points, 89-48, but tonight's game should be much closer.

Chuck Ferrell

BOWLERS TAKE THIRD IN SECTIONAL

by Mike Towle

The Varsity Bowling team battled all the way to take third place in the Southern Sectional Bowling Tournament. First place was won by Brick Township, and second place, Asbury Park.

These three teams will go against five other schools in the North to see who is number one in the state.

High for Manasquan was Steve Berardi with a 226 and Pete Guglielmo with a 202. The other scores were as follows:

	1st	2nd	3rd	Total
M. Towle	151	190	170	511
R. Galizio	162	193	181	536
P. Guglielmo	202	162	156	520
S. Berardi	226	172	172	570
K. Megill	188	137	169	494
	929	854	848	2631

MANASQUAN EDGES SOUTH 2-1

The Varsity Bowling Team took 2 out of 3 games from Toms River South in the final week of the regular season. High for Manasquan was Steve Berardi, 231-552, Rich Galizio, 187-537, Kevin Megill, 189-516, and Mike Towle with a 198.

Clayton Takes

2 Mile Race

9:46.7

"I started out in first place, and then I let two people pass me. With a half mile left I decided it was time to move and took 1st place," stated Jim Clayton. This was his interpretation of the two mile race at the Ocean and Monmouth County Indoor Track and Field Championship, which he won with a time of 9:46.7.

Jim's time was only 7/10 off of the track record set by Dennis Faye of CBA in 1973. This was the first time Manasquan has competed in an indoor track meet. Manasquan had three participants--Jim Clayton, 2 mile; Jim Tully and Chuck Ferrell, 1 mile.

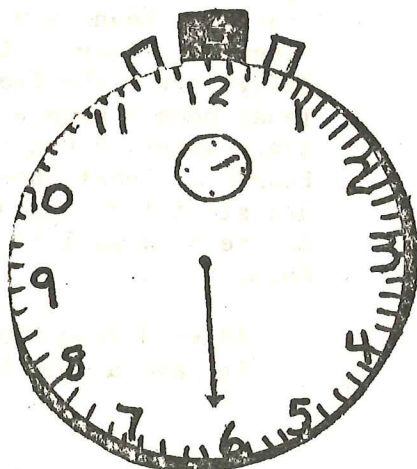

The meet was held at Lakehurst Naval Air Station on February 18. Approximately 30 schools from the Monmouth and Ocean area participated in the 17 events.

His time of 9:46.7 was three seconds off of his school track record of 9:43. Spring track season is coming up soon and Jim says, "I run every day in order to get in shape."

Debbi Smock

Senior, Jim Clayton took first place in the Monmouth and Ocean County Indoor Track and Field Championship held at Lakehurst Naval Station on February 18.

Gina Carter

There's seems to be some large berths that need to be settled for the upcoming NCAA tournament to be held at St. Louis.

UCLA, the defending NCAA champion, is pressed by USC for the PAC 8 Title. Beth have 7-2 records.

UCLA has lost three times now due to losses to Notre Dame, Oregon and Oregon State.

There seems to be a battle in the Big Ten between Indiana and Michigan.

Indiana leads by a game and a half with three conference games remaining.

The team that could be a real surprise in the tournament is Providence with 6-10 Marvin Barnes.

ALL-AMERICAN TEAM

The All-American Team is shaping up like this. The center is Bill Walton of UCLA; forwards are Keith Wiles, UCLA and Lon Elmore, Maryland. The guards are David Thompson, North Carolina State and Dennis DuVal of Syracuse.

SECOND TEAM

The Second Team consists of Kevin Stacom of Providence and Quinn Buckner of Indiana at the guards. The forwards are Ed Jaskey, St. John's and Adrian Dantley of Notre Dame. The center is Marvin Barnes of Providence.

The most underrated player in the country is Dwight Clay of Notre Dame. Phil Sellers of Rutgers is also outstanding.

BILL KELLY

GIRLS END SEASON WITH 9-9 RECORD

The Girls Varsity Basketball team lost their last game of the season 29-27 to Ocean Township on Tuesday February 19.

The game got off to a slow start. With 3:50 left in the first quarter, Ocean finally scored the first basket of the game. Seniors Debbie Dellelt and Lynn McGlue scored a bucket each to make the final first quarter score 5-4 in Ocean's favor.

Considering two starters were injured and could not play, Squan led throughout most of the game. Debbie Boone, guard, and Sally Keenan, forward, were taken off the scorers' card.

Squan playing sloppy basketball led by a mere point, 13-12 at the end of the first half.

Senior Lynn McGlue, playing her last high school basketball game, scored a game high of 14 points. Carol McCabe, starting in the forward position, popped in 5 points while Debbie Dellelt added 4.

In the final period Manasquan committed many turnovers. Ocean also made many mistakes that were considered questionable by Squan's bench and fans.

Although the score says Ocean defeated Squan, in the minds of the many people who saw the game, WE WON! That will be one team Manasquan will look forward to playing next season.

AVERAGE RECORD

This season Squan ended up with a 9-9 record. Not good, not bad, just average.

Next year the girls should come back with a championship trophy. They have the potential and ability, nothing lacking except maybe crowded bleachers.

It is true that two starters won't be back, but Coach Barnaba has an adequate bench that can score.

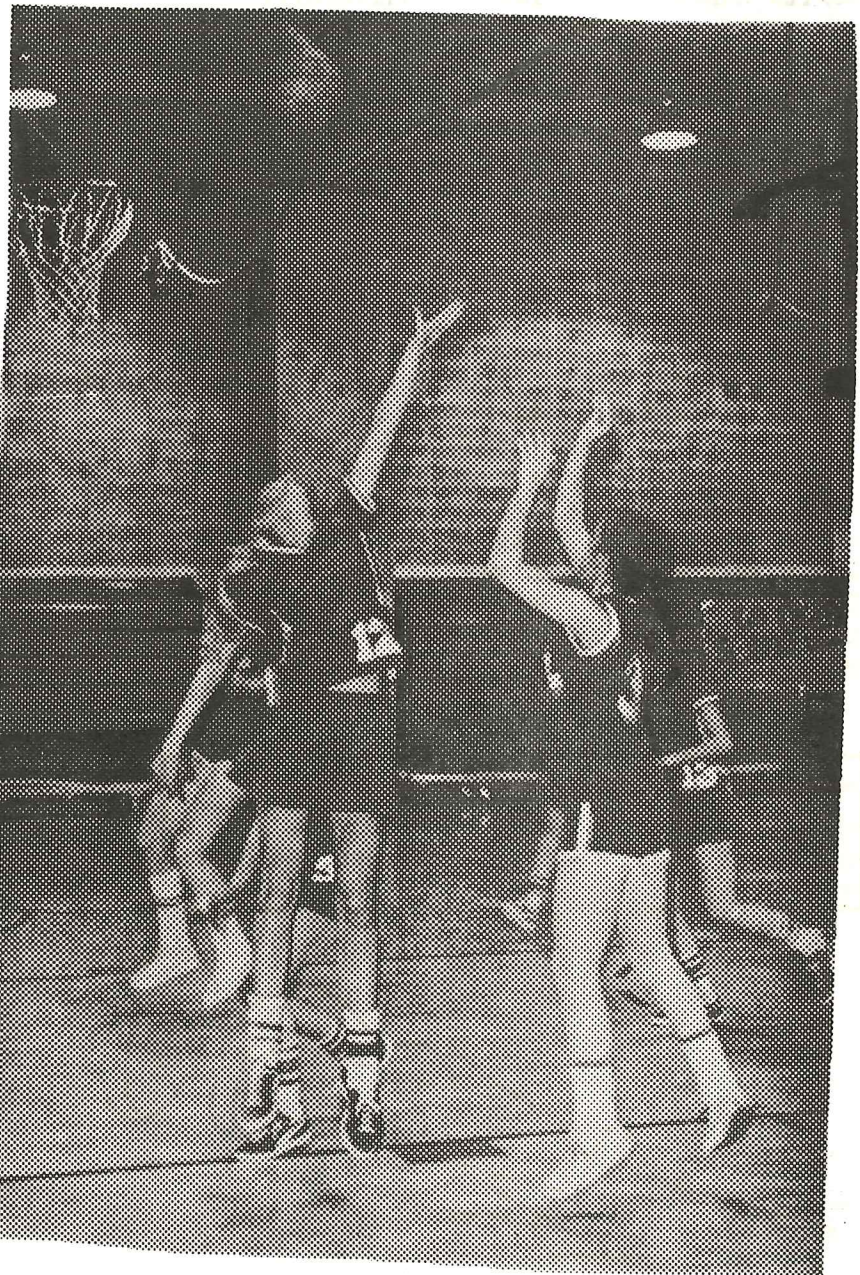

Each game that I've attended I usually sit on the bleachers nearest the boys locker room. The games take place during the afternoon session.

When the bell sounds at 5:22 letting the students know the school day is over, many enter the gym to see who's winning.

As I sit there watching the game, I can hear many snide remarks being made by boys sitting nearby. Sometimes they even yell things onto the court in mockery of Squan's team.

Last Tuesday someone even had the nerve to throw an orange on the court. This can be very dangerous to the players and officials.

continued

JENKINS' JIVE

by ELIJAH JENKINS III

FOWLER, CLAYTON, SISTI, TRACK CAPTAINS

Walt Fowler, Jim Clayton, and John Sisti were elected captains of the varsity track team. in a team meeting yesterday. Fowler was elected to lead the sprinters, Clayton, the distancemen, and Sisti is the weight captain.

When asked what type of season to expect, Clayton replied, "Class B is going to be the toughest division in the Shore Conference. We look for Monmouth Regional to be the team to beat. We expect many of the team's individuals to pull the squad through."

Squad as a number of returning lettermen this year, along with a few individuals from last year's freshman squad. Fowler, and "Baldy" Higgins should be the mainstays in the 100 and 220, with both able to run a leg of the relay. Clayton, Chuck Ferrell, and Bob Gorden should lead the thinclads in the two-mile. Jim holds the school record in this event with a 9:43.0 this mark is bound to fall. Gorden is a transfer student from St. Rose, where he excelled in cross-country.

Sisti and Doug Lang are the men to look out for in the shot-put and discus. Lang missed last season with an ailment. A new event has been added to the meet, the event, 330 intermediate hurdles. The team will begin practice Monday at 12:30.

IC4A and NJSIAA TRACK MEETS HEAD WEEKEND

Princeton University's Jadwin Gynasium will become the Mecca of the track and field world this weekend when it hosts two of the area's and East Coasts top meets.

Things begin Friday night and will continue until late Sunday evening. The action begins on the high school level with the New Jersey State Interscholastic Athletic Associations (NJSIAA). All Groups Championship Meet., and ends with the Intercollegiate Association of Amateur Athletes of America (IC4A) championships.

The Shore area will be well represented by strong teams and individual runners in both of these meets. In the high school meet John Chambers and Steve McDuffie of Neptune and Odie Huffman, Lionel Adams and Quentin Wheeler of Monmouth Reg., should duel for the team honors.

Chambers, the defending 60 yd dash champ will be hard pressed by Charles Walker of Lakewood, and Jerome Morgan and Marion Wingo from Newark's Valisburg High. Huffman, a half-miler will have to face co-defending champ Don Grow of Toms River South in his specialty.

On the college level New Jersey's Seton Hall University will make a strong bid to defeat Manhattan College, which hosts the Metropolitan, IC4A, and NCAA team titles. Raritan's Warren Gorden is one of Manhattan's outstanding halfmilers, two of his teammates Mike Keogh, and Tony Colon were in the Olympics.
